GYPSY LOVERS CAPTURED!

Lewis Lovell Begs Forgiveness of Father.

THE LATTER OBDURATE

Heroic Role Enacted by Buxom Carnation Who Declares that she Will Lose Last Drop of Blood in Body to Stay With her Lover.

GIRL GOES FREE BUT LOVELL TO JAIL

Lewis Lovell and Carnation Lovell, the eloping gypsies have been captured according to the report of the Williamsport Sun of Monday.

Following the telephone message from Hepburnville to Bellefonte on Saturday that the elopers had been rounded up there Policeman William Beezer, of Bellefonte, and Hi Lovell, father of the eloping girl, came to Williamsport, arriving here in the afternoon. The father was much chagrined when, on arriving at Hepburnville he learned that the pair had not been held. Officer Beezer returned home but Lovell remained in this section, to continue the search. He learned of the arrival of the elopers ar Larryville, and twenty minutes after Chief of Police Green had reached the Slagenwhite home Lovell drove up. At sight of Lewis Lovell, the gypsy father of the girl became furious, drew a big knife from his pocket, and made a demonstration that sent the young eloping gypsy to his knees in the road begging forgiveness. Policeman Green informed the father of the girl that if there was any killing to be done he would do that part himself, and directed that the knife be put out of sight or he would confiscate it.

While Philip Lovell was kneeling in the dirt of the road begging Hi Lovell's forgiveness, the girl Carnation was enacting a heroic role. Striding up to her father she declared: "Look here, father, there's no use of you making a fuss; I'm going to have him, and I'll lose the last drop of blood in my body to stay with him!"

This declaration had the effect of somewhat cooling dad's fire and at the same time it braced up the faltering Lewis when he beheld the heroic constancy of his sweetheart. Hi Lovell demanded the custody of the pair, but Officer Green informed him that he must let the law take its course. The prisoners were taken in his buggy by Officer Green to Jersey Shore.

Lewis and Carnation Lovell are second cousins. Their elopement is the sequel of an old love match begun when Carnation—who is now nineteen—was but fifteen years old. But the pair were separated for two years by Hi Lovell's party of the gypsy tribe going into the west, while that party of which Lewis was a member remained in the east. During the interval Lewis met and married the woman who is now his wife. Last May the two parties reunited, and Lewis and Carnation renewed their love-making. The other week Lewis' wife went home to Lewistown to visit her mother, and while she was gone the two lovers planned to run away. In all their week's journey they walked every step, and lived as sparingly as they could. They wanted to get up into New York state.—Williamsport Sun.

Tuesday officer Beezer brought Lewis Lovell and the girl to Bellefonte, The girl was returned to her father while the man was lodged in jail.

ELOPING GYPSY HELD FOR COURT.

Lewis Lovell, the gypsy who eloped with 19 year old Carnation Lovell, a daughter of Hi Lovell, was given a hearing Wednesday morning before Squire John Keichline. The father and mother with the daughter attended the hearing as did also the prisoner's wife. The evidence in the case was very conclusive and Lovell's wife exhibited a marriage license showing that they were married at Gettysburg two years ago. Lewis Lovell admitted his guilt and threw himself on the mercy of his prosecutor. The father of the girl was obdurate and says he will push Lovell to the full extent of the law.

The prisoner was remanded back to jail to await trial at the August term of Court.

SAMUEL SWEITZER DEAD.

Was a Member of the Coast Artillery, Also Served in the Philippines With the 47th Regiment.

Saturday the sad news reached Bellefonte of the death of Samuel Sweitzer a son of Abram Sweitzer of Coleville. His death occurred Friday night in Boston during a mysterious quarrel. Sam was a member of the Coast Artillery and earlier in his career served through the Spanish American war with Co. B, 5th Pennsylvania Volunteers. He also served in the Philippines with Lieut George L. Jackson and the other Bellefonte boys in the 47th Regiment. He was about 30 years of age and the remains will be brought to Bellefonte for burial.

Sunday's Philadelphia Record contains the following account of his death:

Boston, July, 14th.—Developments today in the mysterious quarrel at a South Boston house last night, which terminated in the death of Sergeant Samuel Sweitzer, of the coast artillery, and in the possibly fatal injuries of two other persons, Dennis McSweeney and his daughter, Elizabeth Bloom, led the police believe that the artilleryman attacked McSweney and his daughter and then committed suicide.

The soldier was found dead, stabbed with a knife, when the police burst into the McSweeney home. McSweeney was unconscious on the floor, his jaw broken and his skull fractured. Mrs. Bloom's condition was found to demand her removal to a hospital.

Mrs. Bloom stated that she was hurt by Sweitzer while defending her father, who is 60 years old, from the soldier, the latter having attacked McSweeney with a piece of wood.

Medical Examiner MacDonald declares that Sweitzer's clothing was found a note signed by the artilleryman, which declared that the "person upon whom this note is found will be the culprit and the reason for the crime will remain a secret."

Mrs. Bloom's husband recently left her because of his jealousy of Sweitzer. Sweitzer's home was at Bellefonte, Pa.

A SUDDEN DEATH.

Mrs. Samuel Kern Dies of Apoplexy While Calling on a Friend.

The Bible quotation "In the midst of life we are in death" was again proven only to true by the sudden taking away Friday evening of Mrs. Clarissa Kern, wife of Samuel Kern, of East Curtin street. Mrs. Kern who is an active worker in the Evangelical church was making preparations to attend a church picnic next week and about half past three left her home on Curtin street and went over to Howard Stover's on Lamb street to talk over the picnic with Mrs. Stover. About half past five she was suddenly taken ill. Mrs. Stover sent for her husband and son, Harry, and Doctors Seibret and Harris. Everything possible was done but to no purpose as Mrs. Kern never regained consciousness and died at the Stover residence at 9 o'clock.

The deceased whose maiden name was Miss Clarissa Garbrick was the daughter of Joseph Garbrick Sr., deceased and was born in Centre county, May 16th, 1845 making her age at time of death 61 years 1 month and 27 days.

She is survived by her husband, a son and two daughters, Harry., and Jeanette, both at home, and Mrs. Thomas Meyer, of Millheim.

She also leaves three brothers, G. W. of State College, Mitchell and Joseph, of Bellefonte.

The funeral took place Monday afternoon. Services in the Evangelical church at 2 o'clock, conducted by Rev. W. B. Cox. Interment in the Union cemetery.

Airship Runs Away, Lands in Tree Top.

George Philips of Pottsville, an air ship inventor, started with a friend on what was to have been an expeimental fly of a few yards Monday. Three minutes later Philips and his companion were in a tree top two miles away, with a wrecked ship,

The craft was unfinished, and the aeronaut didn't intend such a hazardous trip. The gasoline engine got beyond his control, and the airship shot forward like a shot.

The start was at Orwigsburg; the finish near New Castle. St. Clair folks saw a streak in the sky as the balloon scooted by.

"Delighted," says Philips, when he and his companion extricated themselves from the tree. "The ship will be a grand success when it is ready for a real test."

CAPTAIN CHAS. F. BARCLAY.

Republican Candidate for Congress from this District.

Captain Chas. F. Barclay came to Cameron County with his parents in 1865, where his father was engaged in lumbering. He enlisted as a private in the 149th Pa., 2nd Bucktails and received commission as 2nd Lieutenant on the battlefield of Chancellorsville.

After the close of the war, Mr. Barclay entered the Michigan University Law Department, but gave up the profession of law and entered the general merchandise and lumber business with his brother Geo. R. Barclay at Sinnemahoning, Cameron county. There they have organized one of the largest lumber plants in the State, employing many hundreds of men. Besides his lumber interests, Mr. Barclay is also prominently engaged in business in McKean, Elk, Sullivan and Bradford counties. He is a polished gentleman, clean-cut and upright in all his dealings with his fellowmen. His popularity will bring him the almost solid vote of Cameron county.

Narrowly Escaped Drowning,

Edward Weight, a son of George Weight of the Fuel & Supply Company, showed himself made of the true stuff Monday evening when he saved from drowning Gilbert Shreckler, the little 5 year old son of George Shreckler, a brakeman on the P. R. R. yard train. Gilbert was playing along the banks of the stream near his home on Phoenix street when he accidentally fell into the creek. Edward Weight, who lives on Phoenix street also was on his way home to supper and when crossing the trestle to the match factory he heard some children calling and noticed the little fellow struggling in the water. Without a moments hesitation he ran to the rescue of the child and jumped into the stream safely bringing him to the bank. The little fellow was almost gone and the water ran from his mouth in a stream. Edward took the child home and he soon recovered and is now all right again. The creek was very high as the heavy rain which was just subsiding had raised the water considerably.

Baby in an Incubator.

After living seven weeks in a home made incubator, the infant daughter of Professor and Mrs. Joe Wolf of Lewisburg, has gained three ounces and bids fair to grow to a healthy child. At first it was thought the babe would not survive, but when it showed signs of life the incubator was hurridly constructed of a wooden box lined with paper, cotton batting and flannel. The top is of glass and a temperature of 78 degree is maintained by means of hot water bottles. When first put into the incubator the child weighed but three pounds and six ounces, but since that time three ounces have been gained. Nourishment is given by means of a dropper. The infant is perfectly formed and will no doubt mature as it should. It has large clear black eyes and a wealth of dark hair. Medical circles in that county are watching the case closely and are anxious to learn whether the experiment with a home made incubator will be successful.

To Clean Straw Hats.

To clean a white straw hat mix a thick solution of powered sulphur and lemon juice, and apply it to the hat with a toothbrush, then rinse in clear, cold water and wipe with a dry cloth. This treatment will not only clean, but will also whiten sun-burnt straw. Dry in the shade, and if it be a sailor hat, let it remain on a table or board, so that the brim may dry flat.

Thirty-three New Members Joined Presbyterian Church Sunday

Communion services were held at the Presbyterian church Sunday morning and a large number of new members united with the church. Rev. Platte delivered two scholarly sermons morning and evening and there was special music. Those who were received into the church were James M. McGarvey, Fred D. Weaver, Robert V. Hoy, Douglas C. Orbison, Milan P. Walker, John A. Rankin, William McFarlane, John H. Musser, Girard Alexanderfor, George S. Brown, Francis E. Thomas, B. Graham Hunter, C. Marshall Cook, Donald Williams, Harold B. William, Misses Edna E. Meyer, Helen B. Crissman, Elsie M. Rankin, Margaret McFarlane, M. Louise Brachbill, Nettie J. Cook, Margaret D. Gilmour, Adelaide M. Rankin, Sarah R. Galbraith, Elizabeth K. Galbraith, Jane D. Brown.

On certificate from other churches Mrs. Sara J. Williams, from State College Presbyterian; Mrs. Sarah E. Hoffer, from St. John's Reformed, Bellefonte; Mrs. J. Allison Platts, Miss Elizabeth A. Platte, Edmund M. Platte, Miss Mabel E. Maxson, from Central Presbyterian, Allegheny; Charles T. Noll, from Clearfield Presbyterian.

The Central Paint Shop Burned.

About 12:30 Monday morning fire broke out in the large paint shop at the Central Railroad of Pennsylvania car shops near the Fair ground. The fire alarm was sounded and both the Logan and Undine Fire Companies responded to the call. The fire spread with great rapidity and the paint shop was completely burned down. The building was 120 feet long and 45 feet wide and was a story and a half in heighth. It was constructed of frame sheathed with tin. One car and a lot of paint were also burned. By hard work the firemen succeeded in confining the fire to the paint shop, although the new water tank just completed and several other buildings were badly scorched. There was no insurance and the loss is therefore complete.

State College Alumni.

Harrisburg, Pa., July 12th.—The State College Alumni association of Central Pennsylvania was organized at Harrisburg last night. A. Wert, '03, of Carlilee, was elected president, and Norman G. Miller, '04, assistant state economic zoologist, secretary and treasurer. Steps were taken to have the new association secure a voice in the selection of a successor to Professor G. W. Atherton, president of State College.

OUR BORO FATHERS MEET

In the Council Chambers Last Monday Eve

WAS SHORT AND SWEET

Pass a Resolution Asking Bellefonte Electric Company to Submit Bids Within Thirty Days for Lighting Streets After Jan. 1, '07.

WHEN PRESENT CONTRACT EXPIRES

The regular session of the boro council was held on Monday evening with the following members present: Kirk, Shuey, Seibret, Keichline, Hamilton, and Derstine, In the absence of president Keller, the chair was filled by Dr. Kirk.

The minutes of the previous meeting were read and approved. The Street committee reported various repairs to streets and alleys. They reported against the sewer on Willowbank street requested by Samuel Diehl. The Water committee reported nothing of importance. The boilers at the water works were inspected June 25th by a boiler inspector and found in good condition.

The contract with the Bellefonte Electric Company for lighting the streets and public buildings expires January 1, 1907, and the following resolution was offered: "Whereas the contract with the Bellefonte Electric Company terminates Jan. 1, 1907 at the option of the borough, and whereas it appears that the Borough is paying much more for lighting the streets than neighboring towns, therefore be it,

Resolved, that the said Bellefonte Electric Company be requested to quote borough Council prices on arc and incandescent lights within the next 30 days for a new contract to go into effect January 1, 1907."

This resolution was offered by Mr. Keichline seconded by Mr. Hamilton: The motion met with the approval of council and was adopted. It was stated that Tyrone, Lock Haven, Huntingdon and Johnstown pay much less for lighting their streets than does Bellefonte.

The following bills were approved and orders drawn:

BARCLAY FOR CONGRESS.

Congressional Conference at DuBois Names Him for Dressers Seat.

The many friends of ex-Judge Love in Centre county would have liked to have seen him the candidate for congress from this district but such is not the case as he was defeated for the nomination by Capt. Barclay of Cameron.

Republican conferees of the Twenty-first Congressional District, composed of Clearfield, Centre, Cameron and McKean counties, met at DuBois Thursday afternoon and nominated Captain Charles F. Barclay on the tenth ballot.

Four names were placed before the conference: Captain Barclay, of Cameron county; ex-Judge John G. Love, of Centre; A. L. Cole, of Clearfield; S. R. Dresser, of McKean, the present Congressman.

Dresser, in a speech radically opposing Emery for Governor, stated that he did not wish to be considered a candidate for Congress again. As a compliment, however, he received the three votes of the McKean conferees on first ballot.

On the final ballot the Centre and McKean conferees all voted for Captain Barclay, giving, with those from Cameron, nine votes to three for Cole.

—Monday morning we noticed workman engaged in digging a trench on water street just a little north of High Street in this Borough. Since water street has been repaired it has been one of the most pleasant thoroughfares in the town, and it does seem a pity that the good work done by the Council a few years ago should now be dispoiled.

REGIMENTAL OFFICERS MEET.

It is now Lieutenant Colonel Hugh S Taylor, if you please; for that distinguished honor was conferred on our fellow townsman at a meeting of the Regimental Officers of the 5th Regiment held at the Logan House, Altoona, Thursday afternoon. Lieut. Col. Taylor succeeds Lieut. Colone John S. Bair, of Huntingdon, who recently tendered his resignation.

Col. Taylor has been Captain of Co. B, 5th Regiment for several years and has made that company one of the finest in the whole national guard of the state. He is a fine soldier and has worked his way to his present position from the ranks as a private. We congratulate Col. Taylor on the success he has attained and the honor just conferred upon him.

His promotion will leave a vacancy in the company and there is already much talk in regard to the changes that will be made. First Lieutenant Philip F. Garbrick will probably be elected Captain and S. D. Gettig, first lieutenant. For second lieutenant there are already two candidates in the field, William H. Brown and Richard Taylor. The election will take place at the next encampment.

Guards Stop Woman who Tries Long Swim.

Mrs. Dora Davis of Pittsburg, a strikingly pretty and athletic young matron, who is staying at a beach-front hotel at Atlantic City was the first bather to feel the effect of the new state law, extending the jurisdiction of seashore cities three miles from shore, and empowering life guards to remove from the water or arrest bathers, they consider criminally reckless.

A big crowd gathered near the steel pier and watched Guards Sprague and Davis effect a supposed rescue at noon Monday. They gazed in astonishment when the young woman, dropping the life buoy, her head tossing and her eyes blazing, waded to the beach.

"I think it's too mean for anything," she said as she hurried away. "I'm as able to swim around that pier as any guard on the beach."

Mrs. Davis was attempting to swim around the pier, and had covered three-quarters of the distance, when the guards decided she was risking too much and swam after her. Mrs. Davis says the next time she attempts the swim it will be when the guards are off duty.

Sick Woman, Clawed by Cat, Raves an Dies.

Terror from being clawed by a cat at midnight caused the death of Mrs. Mary Zeigler in St. Louis.

The woman had been operated on for sarcoma, the most malignant of all forms of cancer, and was apparently recovering when a large white cat wandered into her room in the hospital, climbed upon her bed and clawed viciously at the bed covers.

Mrs. Zeigler awoke with a shriek, and her cries brought up the nurses and doctors and could not be pacified, and continued to talk of cats until she died the following night.

Her husband declares that on the day preceeding the cat incident he visited his wife. On his return home the telephone bell rang for an hour, though nobody was on the line. He considers this was an omen.

Quits Game to Wed.

Sunbury, Pa., July 13th.—Announcement of the marriage of Calvin Moorehead, of Indiana, Pa., and Miss Florence Lamb, of this place, was made Friday, the young couple having been married in Elmira, N. Y., Thursday night. Moorehead, a State College student, is captain of the local base ball club. The team was playing Milton here Friday. In the sixth inning he quit the game, on the plea of having to transact an important matter elsewhere. Going to his lodgings he discarded his base ball suit for civilian attire and boarded a train for Elmira, his sweetheart becoming a passenger at Northumberlad.

The bride's father, a leading business man, learning of the elopement, pursued them to Elmira, but they were made one before he located them. After thinking it over, he extended congratulations.

FROST—CRITTENDEN.

The marriage of Miss Charlotte Crittenden and Mr. George Sherman Frost took place at the residence of the brides sister Mrs. John Ardell at 11 o'clock Monday morning, the ceremony was performed by the Rev. Richard Crittenden father of the bride. Owing to the recent death in the family the wedding was a very quiet one.

FUSION NOW ASSURED

Lincoln Party Nominate Ticket Named by Penna. Democrats.

WEAVER WILL STUMP THE STATE

Perfect Harmony With Democrats Was Effected By Convention In Philadelphia—National Policies Are to Be Sidetracked.

Philadelphia, July 1[illegible].—Lincolnites and Democrats will fight shoulder to shoulder in the political battle that is to be waged this fall. Fusion of the two forces was made complete by the substitution on the Lincoln Party state ticket of the Democratic nominees for lieutenant governor, auditor general and secretary of internal affairs, and the assurance was given that Mayor John Weaver would stump the state in the interests of the fusion movement.

This assurance was given by John S. Longstreth, and fairly electrified the convention. Mr. Longstreth had risen to second the nomination of Jeremiah S. Black for lieutenant governor, and the concluding portion of his address was the message from Mayor Weaver.

The following fusion ticket was nominated:

For governor—Lewis Emery, Jr., of McKean county, Independent Republican.

For lieutenant governor—Jeremiah S. Black, of York, Democrat.

For auditor general — William T. Creasy, of Columbia, Democrat.

For secretary of internal affairs—John J. Green, of Philadelphia.

The following resolution was adopted:

"The Republicans of Pennsylvania represented in this reconvened convention of the Lincoln Party accept cooperation with all good citizens who are ready for the salvation of the state to subordinate party prejudice and to temporarily ignore differences of opinion in regard to national policies.

"The recognition by the Democratic convention of June 27 of Lewis Emery, Jr., as the fittest leader of the aroused people in their determination to redeem the commonwealth is an earnest of a general readiness in this crisis to rise above partisan considerations for the general good.

"The rare self-abnegation of our other selected leaders, Blankenburg, Merrick and Coray, in voluntarily renouncing all personal claim in order that the public enemy may be met with solid front, is proof of their nobility of character and example of the highest civic virtue. Their noble sacrifice endears them to us and should command general gratitude and respect of more lasting value than emolument or office.

"In concurring with the withdrawal of these three of our eminently qualified candidates and the substitution of others pledged to the same purposes, we are actuated by the conviction that no personal or party advantage or pride must be permitted to endanger the great cause in which we are enlisted, the complete success of which can only be accomplished by the united effort of the friends of right.

"The combined force of the promoters of purer politics can permanently sweep from power the contemptible manipulators who have made merchandise of sacred public trust and can re-establish that constitutional representative free government of which bosses and machines have sought to rob us.

"The old party cry is without meaning in this emergency, and the hypocritical injecting of national questions about which good men may well differ, ought not to delude the friends of good government into fatal division.

"We pledge ourselves and our constituents to single-minded effort with all others of true patriotic impulse, of whatever previous party affiliations, for the purging of the evils of the commonwealth and the election of the joint ticket this day announced.

"Confident that this movement for political independence and commercial equality and justice, the result of that revived public spirit and quickened conscience, of which the teaching and work of Theodore Roosevelt has been the inspiration, is necessary to the preservation of our free institutions, we appeal for support to the honest and right-loving voters of the commonwealth."

Trade In Tinned Meat Paralyzed.

London, July 12.—In June of last year there arrived at the Albert docks from Boston and New Orleans 27,000 cases of tinned meats; in June of this year the receipts were only 4000 cases. In July, 1905, 24,000 cases were received, but thus far this month no tinned meats have arrived from the United States.

Petroleum a Plague Disinfectant.

Bombay, India, July 12.—Dr. Turner, health officer of Bombay, successfully demonstrated the extraordinary efficiency of crude petroleum as a plague disinfectant. It is believed that his experiments have materially advanced the prospects of the extirpation of the plague.

Paris Exports to U. S. Break Record.

Paris, July 12.—Consul General Mason has completed the records for the fiscal year. He says the total exports from Paris to the United States were $62,637,665, showing an increase of 27 per cent. and breaking the record.

SEVEN GIRLS DROWNED

Six Tried to Rescue Child Who Slipped Into Deep Water While Wading.

Cedar Rapids, Ia., July 12.—Seven girls were drowned in Cedar river, only three blocks from home, while wading. The smallest child slipped into a deep hole, and in trying to rescue her six others were drowned. Ruth Klersey was the only one of the party to escape.

The dead are: Lucille, Hazel, Gladys and Josie Sweeting; Ruth and Cora Coyle, and Clara Usher. The girls ranged in age from 7 to 16 years.

The Sweeting children lived with their father near Ellis Park on the outskirts of Cedar Rapids. Clara Usher was the daughter of Sweeting's housekeeper, and the Coyle children were her nieces, who were on a visit from Sioux City, Ia. Ruth Klersey, the only survivor, said they were wading, when little Lucille Sweeting slipped off a shelf in the river bottom into deep water. Hazel Sweeting rushed after her, slipped into the hole, and five other girls rushed one after the other into the hole, trying vainly to save each other. Ruth Klersey then ran home and gave the alarm. Four of the bodies were quickly removed from the water, but it was too late to resuscitate them. The other bodies were recovered while hundreds of people gathered on the river bank to watch the sad task.

KILLED IN BATTLE

Ex-President of Salvador and Leader of Troops Met Death In Battle.

Washington, July 13.—Regalado former president of Salvador and the leader of the Salvadorean troops in the present conflict with Guatemala, was killed in battle. The announcement of his death reached the state department through a dispatch from United States Minister Merry at San Salvador. The dispatch stated that Regalado was killed in the last movement of the Salvadorean troops against the Guatemalans.

Tomas Regalado was president of Salvador from 1899 to 1903. A provision of the Salvadorean constitution prevented him from having a second term immediately following the first, but he was a candidate to succeed President Escalon, whose term will expire next year, and doubtless would have been elected, as he was a popular idol who had achieved much fame as a soldier.

Salvador Defeated In Battle.

Panama, July 13.—Senor Barrios, foreign minister of Guatemala, cabled to the Panama government as follows: "Guatemala, July 12.—The Salvadorean government has invaded Guatemala territory, compelling us to make an energetic defense. We obtained a complete victory at Jicaro, where General Tomas Regalado, the chief commander of the Salvadorean army, was killed."

MEXICAN TOWN ALMOST RAZED

Seven Killed and Many Injured By Cloudburst and Landslide.

El Paso, Tex., July 13.—A cloudburst and landslide on July 10 at Ocampo Jesus Maria, Chihuahua, Mexico, almost completely destroyed the city and killed seven or more persons. Many others were injured, and it is expected some of them will die. All the killed and injured are Mexicans. The American residents are alleviating the suffering of the wounded and are recovering the bodies of the edad as rapidly as possible. The Greene company's offices and corral were swept away, but all its American employes escaped. The company's loss is estimated at $5000, Mexican money.

For killing Robert Lane because he would not pay for riding in a chair car, Special Officer John L. Howery, of the Chesapeake & Ohio railway, was sentenced to eight years in prison at Charleston, W. Va.

Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are *starved* nerves. Dr. Pierce's Golden Medical Discovery *makes pure, rich blood*, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and strenuous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are *lasting*.

The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper *The Badge of Honesty*, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement.

The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine.

The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it *cures the cold*. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

"A SQUARE DEAL."

How President Roosevelt's Motto is Illustrated by Pepsikola.

C. M. Parrish says Pepsikola Tablets is the best possible illustration of what our strenuous President means by a square deal. This remarkable remedy is sold to everybody with the express agreement that if it does not do exactly as represented the buyer's money will be cheerfully refunded. They are guaranteed to quickly relieve and permanently cure all stomach troubles, tone up the whole system, give new life and vigor, better courage, more vitality, and bring the weak, weary and despondent back to joyous health.

If they do not cure you of heartburn, sour stomach, loss of appetite, dizziness, headache, lassitude, and all other unpleasant conditions arising from indigestion, all you have to do is to step into Mr. Parrish's Drug Store and he will pay your money back.

The price is only 25c if they cure. If they fail the cost is nothing. But they won't fail. Mr. Parrish will tell you that dozens of people you know have been benefitted and cured of indigestion and dyspepsia by Pepsikola Tablets, and they will give you a "square deal." No cure, no pay.

Curtis Jett Tells on Witness Stand How He Killed Marcum.

OTHER REVOLTING TESTIMONY

James Hargis Instigated Plots and Counter-Plots to Have Marcum Assassinated—Searched For Man to Do Murder.

Beattyville, Ky., July 13.—Testimony bordering on the sensational was heard in the trial of former Judge Hargis and former Sheriff Callahan on the charge of murdering J. B. Marcum. Moses Feltner testified that after the filing of the suit for damages by Mrs. Marcum against Hargis, Callahan and others, Hargis, Callahan and French came to see him in Leslie county and asked him to leave the country and not testify in the case. He said they later came to him in Winchester and did get him to go to Ohio and remain until after the trial.

Asbury Spicer testified that he was approached by James Hargis and was asked to kill Marcum. Spicer testified that Hargis wanted him to hide in an old house and shoot as Marcum passed by. Witness said Hargis told him to get any aid necessary. Hargis said he would protect them. Witness refused to accept the proposition. Witness said Hargis asked him in June, 1902, to go with Moses Feltner and "Tom" White to kill Marcum. Witness refused to lay in waiting in the rock quarry to kill Marcum. He went to the courthouse with E. L. Noble and others at the instance of Callahan. Witness saw and talked to Jett just before the killing. He said he went after Jett for "Jim" Hargis and Callahan with word for Jett to hurry to the courthouse.

Curtis Jett took the witness stand, admitted the assassination of Marcum and told the manner in which the crime was committed.

"Mr. Marcum had prosecuted in several cases, and was my bitter enemy, and I am the man who killed him," said Jett. He then told of the assassination. Jett said he had not conferred with White in regard to the killing. The pistol he used, he said, was his own and had been owned by him several months. He told the attorneys that Sheriff Callahan had given it to him. The defendants helped to defend him in his previous trial. He did not know, but thought they paid his attorneys' fees. He suddenly lost his memory at the most crucial moments and could tell nothing of his or White's actions preceding or following the murder. Jett did not remember seeing White in the courthouse at all, and as far as he is concerned White is perfectly innocent.

That Jett has had some change of heart is apparent, but the reason may be found in the statement of Commonwealth's Attorney Adams, who said Jett had been drinking. Mr. Adams said that another attempt would be made to get Jett to repeat his confession.

"Tom" White followed Jett on the stand and asked Attorney Byrd to excuse him, as he did not want to answer any questions. He was asked if he was in Jackson the day Marcum was killed, but declined to answer. White even refused to answer after being told by the court that he must answer. Judge Dorsey ordered the witness to jail.

Missing Boy's Body Found.

Guilford, Conn., July 12.—The body of little Clayton Bishop, the 6-year-old son of Mr. and Mrs. Frank Bishop, who was believed to have been kidnapped, was found wedged in among the timbers of an old wreck in West River. The boy had been missing since Sunday morning, when he left his home to visit his grandmother in a distant part of the town. It is thought that the boy fell into the river a mile above where the body was found.

Wanted For $50,000 Diamond Robbery.

New York, July 12.—A man who described himself as James Stellman, an engineer, 24 years old, of Brooklyn, was arrested on a charge of complicity in a $50,000 diamond robbery which occurred in London on March 14, 1905. According to the police, a man named Samuel Lockett is at present serving a five years' prison term in England in connection with the crime, having been arrested in Liverpool, England, soon after the robbery took place.

FOUGHT IN MIDAIR

Policeman Fatally Injured In Clash With Ironworkers.

New York, 12.—Eight stories above the street, on a flimsy flooring of planks laid across girders, nearly 100 iron workers employed on a hotel building going up at 59th street and Fifth avenue, attacked three special policemen, kept there to prevent trouble between the union workmen and non-union workmen employed on the same building. One of the special policemen, Michael Butler, was thrown from the platform and fell two stories to the sixth floor. He was fatally injured, having sustained a broken leg, a fracture of the skull and internal injuries. The other two men were seriously but not fatally hurt.

Four of the union men were arrested and identified by Butler as having been among those who assaulted him. Butler died a few minutes later. Fifty policemen are now guarding the non-union men at work on the building.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure kidney ache.

If the kidneys are well and strong the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney pills make strong, healthy kidneys.

Mrs. Nancy Davis, of 216 East Logan Street, says: "I suffered a bad fall some years ago when living in Rochester. I thought at first that I had broken my back. I was unable to get up without assistance and from that time I suffered for years with a weak back and excruciating pains through the loins and through the small of my back. Sometimes I was completely prostrated and helpless. Doctors and medicines failed to help me and the pain continued until I got Doan's Kidney pills. I took only a few doses before I began to feel better and when I had continued using them for a while I was thoroughly cured. My back regained its strength and the pain left me. I have had no return of the trouble since."

The New York World

The Thrice-a-Week World hopes to be in 1906 a better paper than it has ever been before, and it has made its arrangements accordingly. Its news service covers the entire globe, and it reports everything fully promptly and accurately. It is the only paper, not a daily, and which will keep you as completely informed of what is happening throughout the world.

The Thrice-a-Week World is fair in its political reports. You can get the truth from its columns, whether you are Republican or Democrat, and that is what you want.

A special feature of the Thrice-a-Week World has always been its serial fiction. It publishes novels by the best authors in the world, novels which in book form sell for $1.50 apiece, and its high standard in this respect will be maintained in the future as in the past.

The Thrice-A-Week World's regular subscription price is only $1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and Bellefonte Republican together for one year for $1.50.

EMERY'S TRIBUTE TO STUART.

If there is one thing more than another for which Lewis Emery, Jr. the Bryan-Mugwump candidate for Governor, is to be commended, it is his disposition to speak his mind regardless of consequences.

For instance Mr. Emery is convinced that Edwin S. Stuart, the Republican nominee for the Gover ship, is a man of impeachable honor and integrity and of eminent fitness for the office to which he aspires, and he does not hesitate to say so.

Mr. Emery was in York recently delivering a little talk to some friends of State Chairman Niles, of the Lincoln Party. While there he gave an interview to the correspondent of the Philadelphia Ledger, one of the papers that is supporting him. That portion of the interview relating to Mr. Stuart is quoted as follows:

"Mr. Emery spoke in the highest terms of his regular Republican opponent, characterizing Mr. Stuart as a broad-minded, great-hearted man, whose integerity is above reproach.

"'ARE YOU AFRAID THAT HE MIGHT BE HANDLED?' "Mr. Emery was asked.

'"NO,'" he replied; 'but the generous qualities which are in him, so conspicuous and praiseworthy might be the very means of preventing aggressive action upon his part when, decisive measures become necessary.

If, as Mr. Emery avers, Mr. Stuart is a "BROAD-MINDED, GREAT-HEARTED MAN, WHOSE INTEGRITY ABOVE REPROACH,' there is no real ground for fear of "aggressive action on his part when decisive measures become necessary.

"BROAD-MINDED" MEN, WHOSE INTEGRITY IS ABOVE REPROACH," GENERALLY DO THE RIGHT THING AT THE RIGHT TIME.

Swimmer Drowns to Save chums life

"Take care of Smith; I can swim."

These were the last words of Preston Smalz, who was drowned Monday in Lake Mineola, near Brodheadsville. Smith was his chum, who couldn't swim, and Smalz refused aid so that Smith might be saved.

This happened when an overloaded boat, containing a party of campers capsized. The campers managed to get Smith ashore. Meanwhile Smalz was seized with cramps and perished.

There were 13 in the party. All were from Palmerton, Carbon county.

CHAIRMAN ANDREWS.

Certain Pennsylvania newspapers that have been distinguished in the past for attacks upon the regular Republican organization, it appears have turned the batteries on that old soldier, a veteran of the civil war, Col. W. R. Andrews, who is now serving his second term as Chairman of the Republican State Committee. It appears that the crime of Col. Andrews is his regularity, as no charge of inefficiency nor any other allegation appears to have been made against his administration. The veterans of 1861-5 have a particular interest in this matter, for the reason that one of their number is subject to these attacks, apparently unjustifiable and without any other motive than that could be classed as a political trick. To those who are acquainted with political matters in Pennsylvania it is known that Col. Andrews had been the man behind the gun at the Republican headquarters for the past 12 years, and to him more than any other man belongs the credit of the great Republican majorities that have placed Pennsylvania at the head of the Republican column in the Union.

Col. Andrews began his political services in 1856 in support of John C. Freemont, the first Republican candidate for the Presidency, and has been on the firing line in every campaign from that day to this He was appointed Secretary of the Republican State Committee by Senator Quay in 1895, and served continuously in that capacity until the Convention of 1905 when the rules were suspended and he was unanimously elected as Chairman of the State Committee. At the Republican State Convention of this year he was unanimously elected in the same manner.

Should Col. Andrews be forced to retire, it would be a severe loss to the Republican Party of Pennsylvania, owing to his wide acquaintance and intimate association with the veterans of he State.—National Tribune, Washington, D. C.

Prof. Harvey to Investigate Centre County Coal Lands.

Prof. Isaac A. Harvey with a crew of men went to Beechwood today to investigate several thousand acres of coal and clay lands. Prof. Harvey has not been able to work for the past five years owing to ill health but he now hopes to be able to go at his chosen profession with all his old time vigor. He now has a number of prospecting and examination trips in view.

During his active career Prof. Harvey was one of the foremost geologists and mining engineers in the state and now that he has resumed work he will again be heard from. He is considered an eminent authority on geology.

Run Down By Train at Grade Crossing

Linden, Mich., July 13.—Mr. and Mrs. Perry Barnum, a prominent farmer of Mundy township, Genesee county, while driving from Linden, were run down and probably fatally injured at the North Linden crossing by a west-bound Grand Trunk passenger train, When the train struck the rig the occupants were hurled upon the oncoming engine and were carried along for a distance of six rods, when they fell off. Both were badly injured about the head. Should they die this would make the fifth death from railroad crossing accidents in the neighborhood within five months.

H. H. Rogers Out of Mutual Life.

New York, July 18.—The committee of trustees of the Mutual Life Insurance company appointed to nominate a new board of trustees to be voted for at the annual meeting of the company in December made its final report, and in doing so disclosed the fact that Henry H. Rogers and William Rockefeller had withdrawn from further connection with that body.

She has Charms.

The charms of the womanly girl is that she thoroughly knows how to make those about her comfortable. She knows how to give a room an air of comfort and refinement even though the furnishings may be of the plainest.

She is simple and unaffected in manner and never tries to impress people with her superior knowledge.

People like her because she does not act as though she knew all about every topic that comes up. She is willing to listen and learn.

Accomplishments, of course, add to her charm, but the qualities that make her lovable are the old-fashioned ones, the qualities that make her a tender, capable and gentle woman.

The Trade at Home Theory.

The advantages of supporting one's home community should be self-evident. Unfortunately, however, they do not seem to be thoroughly understood by a great many people. The merchant who can educate his customers along this line will not only increase his own business but will be doing a service to his community.

If your brother owned a furniture store and you wanted to buy a piece of furniture, where would you go to buy it? You would go to your brother of course. Why? Because he is your brother and it is always deemed wise to help each other and keep the money in the family. Bellefonte is just a big family of citizens who should recognize each other as brothers and sisters in business matters at least—help each other and keep the money in town.

A town which allows its capital to leak out to neighboring towns is like a leaky barrel—it will surely run dry unless it is repaired or the pumps can replenish faster than the leaks can drain.

Each citizen should ask himself, "Is one of the leaks located at my home?' Does your wife "shop" in some other place; do you buy necessities out of town which could be bought here?

Of course this is "nobody's business," but "what is nobody's business is every bodys business." When you eatction one of these leaks you hurt yourself and your family just as much as you hurt your home merchants.

Only a Hint.

The old colored "mammy" who had ruled the Greenough household for more than twenty years was known to the tradesmem and the world in general as "Mrs. Washington," although she allowed the Greenoughs and their friends to address her as "Aunt Euphrasia."

She had a flow of language which has seldom been equaled, and delighted in it more even than in her skill in cooking. On one occasion Mrs. Greenough overheard Aunt Euphrasia berating a tardy grocer's boy.

"Whar yo' been, yo trifling', lazy, destructful, owdacious, aggervatin', presumptious boy, while I's been a-waitin' and a-y'arnin' for dese yer condimental spices?" demanded Aunt Ephrasia, her turbaned head threatening the delinquent who cowered before her. "Ef I hadn't got ter put dese yer right into my cake dat's been kept onfinished for yo' to go dawdlin', philanderin', sojerin' round, I'd stop a minute and gib yo' some idee ob my opinions regardin' yo'!"—Youth's Companion.

The Still Small Voice.

Little Willie had been housed up all day on account of a driving rainstorm, but late in the afternoon the sun burst through the clouds and he was allowed to go out into the garden to play. It It was not long however before he came in flushed and excited, exclaiming to his mother that he wanted to tell her a story, and this is what he said:

Once there was a little boy went into the garden to walk, and there he saw some beautiful flowers, with rain drops on their petals, which dropped one after another to the ground, where an ugly worm came out to get a drink. It was so ugly the little boy raised his foot to crush it, when a voice of sadness sounded in his ear, and said, "Will you? will you?"

At this point, forgetful of all else but the spirit of reproach felt in his tender conscience, he looked up into his mother's eyes, with tears in his own, and said: "And I didn't mamma, I didn't.

A Few Dont's.

Don't be reckless, especially in your lying.

Don't give to the Lord and then go out and rob a widow.

Don't acquire the borrowing habit, or the day will come when you will run out of friends.

Don't marry an indolent man expecting him to brace up, or you may have to take in washing to pay for the brace.

Don't be so mean minded that you can see no good in a man. He may be the first to loan you money in time of need.

Don't lay up everything for a rainy day and go hungry all through life. Besides, where you are going it may never rain.

Don't spread butter on both sides of your bread just because you have $3 in your pockets. An earthquake may come along and shake the change out of them. —Denver News.

He Relented and Settled.

A subscriber once received a dun through the postoffice, and it made him mad. He went to see the editor about it, and the editor showed him a few duns of his own—one for paper, one for type, one for fuel, and several others. "Now," said the editor, "I didn't get mad when these came because I knew that all I had to do was to ask several reliable gentlemen like you to come and help me out, and then I could settle all of them.' When the subscriber saw how it was he relented, paid up, and renewed for another year.

Hicks on the Weather.

Rev. Irl R. Hicks' prognostications for the last two weeks of July weather are varied enough to suit most anybody and are as follows:

A regular storm period covers the 15th to 18th, central on the 17th. Notwithstanding anybody can safely predict that it will be warm in July, we predict that it will be warmer at sometimes than others, and that this period—the 15th to the 19th—will lead up to one of July's warmest periods. More thunder storms and local "cloud-bursts" are probable about the 17th to 19th. A Venus revulsion to very cool might be normally expected immediately after these thunder storms, but the new moon at a solar eclipse node falls on the 21st. This fact calls for prolonged high temperature, low barometer and threatening, if not stormy conditions over the 21st into the next storm period.

A reactionary storm period is central on the 22nd and 23rd, in which storm and seismic disturbance will be reported from wide extremes of the globe. Change to rising barometer and some cooler will follow these reactionary disturbances for two or three days, say from the 22d to the 25th progressively from west to east.

A regular storm period runs from the 26th to the 30th, being central on the 18th As early as the 26th the last storm period in July will show decided indications of approaching summer storms. During Friday the 27th to Monday the 30th high temperature, low barometer and threatening thunder gusts will pass eastwardly over most parts of the country.

About Woman.

Woman's realm is love. Therefor every woma's ideal is of home and motherhood.

It was long ago decided that woman's natural realm and most beautiful position is home.

To be worthy of its responsibilities, we must especially early in life think the purest thoughts and live useful and noble lives.

There is nothing more capable of preparing womam to fulfill her mission than the knowledge of God and love for him. Education follows close after religion for here new energy is put into our veins. Free energy and proper independence are as essential as purity.

It is said that men cast the vote bu women mark it. What is true in politics is true in any sphere of life. Woman's mission is to raise the standard of men by love and influence.

In Polite Society.

Invitations—Should be sent a week or more in advance of an entertainment.

The introduction—A younger woman or a younger man is always presented to an older one.

At a dinner—The hostess rises first; this notifies the guests that the dinner is finished.

Women bow—As a rule when introduced to each other.

The gentleman rises—If seated when introduced to either a lady or gentleman.

A written reply—To the hostess is required to a written invitation to a dinner, luncheon or card party.

First invitation—From a new acquaintance should always, where it is possible, be accepted.

When rising from table—At a dinner, luncheon, etc., it is not necessary to replace one's chair.

At the leavetaking—It is permissible, and an act of friendship and courtesy, to shake hands with your hostess.

When You Go Visiting.

Do not stay too long. It is a great thing to break into the life of any family even for a few days. Pay no attention to requests to stay longer, however sincere they may seem. Set a time to go when you arrive and stick to it.

Conform absolutely to the household arrangements, especially as to the hours of rising, going to meals and retiring. Be ready in ample time for drives or excursions.

Carry with you all requisite toilet supplies, that you may not be obliged to mortify your hostess by pointing out possible deficiencies in the room you occupy, such as a clothesbrush, the article most commonly lacking.

It is almost always wise in the middle of your visit to go off somewhere by yourself for a day, to rest your entertainers.

A Clever Swindler.

A well dressed man stops at a farmhouse and declares that he has lost a valuable diamond pin in the roadway, and all make a search. Nothing is found, but before leaving the stranger says he will return and if the pin is found, will give a reward of $150 for its return. A few days later a tramp turns up with a pin, presumable a diamond, which he says he found. The farmer usually takes the bait, and gets the pin for $20 or $25, expecting to get $150 as his reward. After vainly waiting for the loser he learns from some jeweler that the pin is worthless.

A Broken Parlor Match.

"Lurline," he cried, straing her to his right lapel, "swear to me that I am the first man you ever loved!"

Lurline glaced at the long row of photograps on the mantel.

Memory, sitting t'other side of her, nudged Lurline, and she was silent—silent in several languages.

Presently Diplomacy whispered in his ear. She would spring something on him. She would change the subject.

"Promise me, Lionel!" she cried, "that I am the last girl you will ever love!"

Lionel looked awayed from the liquid depths of her imploring eyes and took a hasty glance into the Sweet Subsequently.

Hope, sitting t'other side of him nudged him in the fifth rib and he was silent—silent in numerous languages.

"Alas!" she moaned, "I cannot tell a lie. There were others, but you are the last man I shall ever love."

"Alack!" he groaned, "the last can never be first. I, too, cannot tell a lie. Time may bring others, but you, Lurline, are the first woman I have ever loved!"

Lurline arose to her full height.

"Go!" she cried hoarsely. "You do not know the demands of a woman's heart! Your first love doesn't interest me. I must be your last."

Lionel also drew himself up to his full height.

"I go!" he gritted. You do not grasp the demands of a man's nature. The woman he loves must be pastless. I must be your first love or it is skiddoo for me!"

And being wise and unbitten of the serpent of dissimulation, they accordingly fell apart with a terrible crash.

The Fastidious Public.

A young man who had given an excellent account of himself while on trial as a conductor was very much surprised when told by the superintendent that he would not be satisfactory as a permanent employee.

"What's the matter?" he asked. "Didn't I attend to business? Weren't my accounts straight?"

"Yes, you were all right that way," said the superintendent. "The trouble is, two of your fingers are gone. Unfortunately there have been many complaints from passengers as the maimed condition of your hand. Most people are sensitive in regard to an infirmity of that kind, and, although they do not wish to be unkind, they object to being thrown in contact with it. I have been obliged to turn down other estimable young fellows who were thus handicapped",—New York Sun.

A Pertinent Question.

A senator used to tell this story of an incident he witnessed on a Boston street car. It was about 11 o'clock p. m., the mystic hour when all law abiding Bostonians lose their thirsts. The senator happened to notice a man running after the car and vainly trying to attract the conductor's attention. The senator notified the conductor, who stopped the car. The belated passenger, who was somewhat under the influence of liquor, had no sooner climbed aboard than he delivered himself of the following remarks: "Shay, Mr. Conductor, does thish road run to 'commodate the passengers or the passengers run to 'commodate the road?"

Is It Degenerating (?)

Bellefonte! that beautiful and historic town, the seat of learning, culture, and refinement in the hightst degree; famous for the brilliant galaxy of illustrious patriots and statesmen, who so bravely and honorably served nation and commonwealth; pre-eminent for the splendid, moral and religious character of its people a veritable Gibralter of temperance, where a band of noble women have for years faithfully and prayfully combatted the evil of intemperance; Bellefonte, that town upon which nature and art have vied with each other in lavish prodigality to make it an ideal abiding place, is evidently retrograding in some respects.

We copy from the Gazette, that at a recent social function of one of its church congregations, "The tastily arranged table with punch bowls brimming full"—how delectable, "punch bowls brimming full"—full of what? There is such an incongruity in the statement that to be charitable we are constrained to believe the reporter had witnessed the festivity at long range, or in his mind's eye had confused it with an editorial banquet—Barnesboro Star.

"The Midway" Coming.

The first week in September has been pre-empted by the ladies of Bellefonte for the holding of a "Midway" for the benefit of the hospital. It will be held in the armory and will be one of the most elaborate things of the kind ever held in the town. Every branch auxiliary in the county will be interested and take part in the Midway. It will open on Monday evening, September 3rd, with a grand street parade in which all those who will take part will appear in costume. In the armory, the Midway will be one of the largest and most varied ever seen here and will include among other features a gathering of nations. The English isles will be there, the Italian guard, the French, the Dutch, the Orient and other old world nations as well as the new world North American Indians. Every country will be represented with booths constructed after the manner of that nation and presided over by men and women garbed in their national costume. Every evening there will be a vaudeville performance on the stage by the best amateur talent in Bellefonte, while there will be "music in the air" all the time. Only a small admission fee will be charged but you will want to take a well filled purse along for once inside you will find all kinds of tempting delicacies to eat and drink, and an endless array of fancy, as well as useful, articles offered for sale. Remember the time, September 3rd to 8th inclusive.

Eagle's Mere Bible Conference.

The eleventh annual Bible conference of the Pennsylvania Young Men's Christian Association was held at Eagles Mere July 3-13.

The daily programme consisted of a morning quiet hour service at 7 o'clock; breakfast at 8; group conference 8:30, to 10:30; general session 10:45 a. m. to 12:15 noon. The full afternoon of each day was given to recreation, including bathing, boating, rambles, etc. A general session was held each evening and among the principal speakers were the following Rev. John Urquhart, of Scotland, whose Bible expositions were really marvelous. Dr. James M. Gray, dean of the Moody Institute of Chicago; Dr. L. T. Townsend, who for twenty-five years has been a member of the faculty of the Boston University. Rev. R. A. Torrey, the worlds greatest evangelist and Mr. A. D. Gordon, author of a series of books on Prayer and Power.

Over 350 persons were in attendance at the conference the majority of whom stopped at the Forest Inn which was the conference headquarters. Eagles Mere is located about 35 miles from Williamsport on the Williamsport and North Branch R. R. and has an attitude of 2000 feet above sea level. Several hundred acres of land have been laid out into hotel parks and cleared for cottage sites, but aside from this all is the best of natural scenery. With a telescope, a fifty mile view of the country may be had from one of the hotels. A more ideal spot could not have been chosen for the study of God's word and God's Works. It is to be hoped that many Bellefonte people will plan to be in attendance next year.

The Bellefonte delegation this year consisted of Mrs. J. A. Beaver, Mrs. Thompson, Archie Orbison and C. N. Meserve.

Timely Suggestions.

To test the freshness of eggs, make a salt solution on one quart of water and two tablespoonfuls of salt. When dropped into this a perfectly fresh egg will sink to the bottom and an egg slightly stale will, after sinking, rise but slightly from the bottom of the pan. A very stale egg will float on the surface. When the white of a poached egg breaks up into small pieces, while cooking, it is a sign that the egg is not fresh. Various are the ways of making the white of eggs beat up readily. A pinch of salt sometimes added to them, and sometimes a few drops of cold water.

If a napkin is wrung out of hot water and wrapped around sandwiches and they are put into a cool storeroom they will remain as moist as when first spread.

An excellent way to use a stale loaf of bread is to make what is known as Spanish fritters. Cut stale bread into even slices. Dip each into a mixture of egg and milk, using one egg to a cup and a half of milk. Butter a hot frying pan and brown the slices in it. Serve them hot, either with a little powdered sugar and cut lemon or with a bit of currant jelly. Sometimes a pinch of grated nutmeg is added to the egg and milk and as this is a sufficient flavor when it is used the lemon will not be needed.

To make a low room look higher, let the curtains hang to the floor. To make a high ceiling look lower use short curtains that hang only to the window sill.

A WET ST.SWITHIN'S DAY.

Rain Monday Promises Abundant Moisture for Local Gardens.

Monday was St. Swithin's day and it rained. Now, according to the popular superstition, we shall have six rainy Sundays, or forty rainy days between the Sundays.

St. Swithin's Day, if thou dost rain,
For forty days it will remain;
St. Swithin's Day, if though be fair,
For forty days 'twill rain nae mare,

St. Swithin, Bishop of Winchester, was, according to legend, a man equally noted for uprightness and humility. So far did he carry the latter virtue that on his deathbed he requested to be buried not within the church, but outside the church yard on the north of the sacred building, where his corpse might receive the everdrippings from the roof and his grave be trodden by the feet of passersby. His slowly request was complied with, and in this neglected spot his remains reposed until about 100 pears afterward, when a fit of pious indignation seized the clergy at the fact that the body of so holy a member of their order was allowed to occupy such a position, and on an appointed day they all assembled to convey it with great pomp to the adjoining cathedral of Winchester. When they were about to commence the ceremony a heavy rain burst forth and continued without intermission for the succeeding forty days. The monks interpreted this tempest as a warning from heaven of the plasphemous nature of their attempt to contravene the direction of St. Swithin, and instead of disturbing his remains they erected a chapel over his grave.

How to Have Bright Eyes.

Clear, bright eyes are a delightful charm in a woman. This no woman can possess without a good, healthy body.

The eye is affected by the health like other organs of the body, and the great object should be, by healthy exercise fresh air and due attention to the necessities of health, to ward off diseases and keep a pure mind and a healthy body.

It is quite astonishing how dependent the eye is upon a person's digestion, and there is a strong sympathy between the eye and the ear.

To insure bright and strong eyes through life it is most necessary to take care of them in early youth. Many an infant's eyesight has been marred for life by a careless nurse exposing the eyes to too strong a light and every precaution should be taken through childhood that they should not be strained.

The wise do not try their eyes by doing fine work by artificial light.

Rest is a wonderful recuperative. The sensibility of the eye depends upon the expansion of the pupil.

One fruitful source of trouble for people who have to wear glasses is that they do not keep them clean.

Beauty culturists have taken the eyes under their care from a decorative standpoint.

NEW MOVE IN THAW CASE

Court Issues Injunction Stopping District Attorney Taking Testimony.

New York, July 18.—The defense in the case of Harry K. Thaw, accused of the murder of Stanford White, made an unusual and unexpected move, when a writ of prohibition was secured from Justice Blanchard in the supreme court restraining the district attorney and the July grand jury from taking any further evidence under oath against the prisoner.

Counsel for Thaw allege that through the illegal use of grand jury subpoenas the district attorney is summoning all possible witnesses in the case to his office, putting them under oath there and taking depositions which may be detrimental to the prisoner's interest. It is further alleged that as Thaw is already under indictment, and no new indictment for the murder of White is contemplated, the district attorney has no right to use the grand jury as a cloak for his own inquisition. Almost every person who can appear as a witness in the case, 47 of them so far, have been sworn by the district attorney, it is asserted, and depositions made for use at the trial. Through all of this counsel for the defense has not been allowed to be present.

May Never Try Thaw.

The World Says: "Harry Thaw will never be placed on trial for the murder of Stanford White. An application will be made for the appointment of a commission to inquire into his sanity. There is no doubt that he will be declared insane and sent to the hospital for the criminal insane at Matteawan. This authoritative statement was made to the World immediately after the conclusion of a conference at the Hotel Lorraine by one who was present."

ARMISTICE ENDS WAR

Central American Republics Will Sign Treaty of Peace on U. S. Cruiser.

La Libertad, Salvador, July 18.—The United States cruiser Marblehead, Captain Mulligan, left Acajutla for San Jose, Guatemala, with American Minister Merry and the peace commissioners of Salvador and Honduras on board. The American minister also represents Nicaragua and Costa Rica, by permission of the authorities at Washington. At San Jose the peace commissioners from Guatemale, the charge d'affaires of the United States and the Mexican minister will be received on board the cruiser, and a treaty of peace between the warring republics will be drawn up and signed on the high seas. After leaving the parties from Guatemala at San Jose the Marblehead will return to Acajutla with Minister Merry and his associates. An armistice between Guatemala and Salvador is arranged for daylight today (Wednesday) when the fighting ceased.

U. S. TREASURY SHORT $33,000

Auditing of Dead Man's Accounts Brings Discrepancies to Light.

Washington, July 18.—It was stated at the treasury department that an investigation recently concluded of the accounts of the late Major George A. Bartlett, disbursing officer of the treasury department, shows a shortage approximating $33,000. About $14,000 of this amount, however, is said to have been innocently paid out on fraudulent vouchers presented by James W. Boyd, a clerk in the Marine Hospital service, who in September last was arrested and is now in jail pending his trial for misappropriating government funds.

Although Bartlett was technically responsible for payments on Boyd's fraudulent vouchers, the shortage in his own office will probably not exceed $19,000. The treasury officials have no means of knowing just how long this shortage has been standing, but are inclined to the opinion that comparatively small amounts have been taken from time to time covering a period of several years.

DEDICATION PROGRAM

Details of Exercises October 4 at Pennsylvania Capitol.

MANY NOTABLES WILL ATTEND

President Roosevelt and Most of His Cabinet Will Be Present and Deliver Addresses—15,000 Invitations to Be Issued.

Philadelphia, July 18.—The commission provided for by the last regular session of the legislature to prepare a suitable program for the dedication of the new state capitol at Harrisburg met here and decided on the details of the exercises. Governor Pennypacker presided at the meeting, and nearly all the members of the committee were present. It was announced that President Roosevelt had definitely accepted an invitation to participate in the dedicatory exercises, and it is expected that most of the members of his cabinet will also be present. The president will reach Harrisburg about 11 a. m. on Thursday, October 4, the day the ceremonies are to take place, and will leave about 2.30 p. m., stopping at York to make an address at the county fair

The exercises at the capitol will begin at 11.30 with an invocation. The governor suggested that a member of the Society of Friends be selected for the prayer as a fitting stribute to William Penn, the founder of the state. After the prayer the building will be transferred from the capitol commission to Governor Pennypacker as the representative of the people. The addresses will be made by former Governor Stone, chairman of the capitol commission, and Governor Pennypacker. Then will follow President Roosevelt's oration, and a national salute of 21 guns will be fired as he begins to speak.

Following the dedicatory exercises the president and other distinguished guests will be entertained at luncheon by the governor at the executive mansion, at the conclusion of which the president will leave for York.

At 2.30 p. m. a military parade will be given by a provisional brigade of the National Guard. One regiment will be selected from each of the three brigades.

In the evening there will be a banquet to which probably 600 persons will be invited. The governors of all the states in the Union will be invited to attend the exercises, and it is also intended to issue 15,000 invitations to prominent people throughout the state.

The dedication commission has $50,000 to defray the expenses of the dedication.

HARGIS AND CALLAHAN FREED

Acquitted of Murdering J. B. Marcum After Long Legal Battle.

Beattyville, Ky., July 18.—Judge Hargis and Ed. Callahan were acquitted of the murder of J. B. Marcum. The jurors were out 22 minutes when they brought in the verdict which ended one of the most stubbornly contested cases that has ever come before a Kentucky court.

James B. Marcum was a Republican and was a lawyer of excellent standing. He was engaged three years ago s an attorney against James Hargis and Edward Callahan, respectively Democratic county judge and sheriff, to oust them from their offices on an allegation of corrupt election. Much bitterness was aroused and frequent open ruptures occurred.

In May, 1903, Marcum was shot in the back and killed in the Jackson courthouse. Curtis Jett and "Tom" White were convicted and given life terms for the murder. It was charged that they were the tools of Callahan, Hargis and others.

Three Heat Deaths In New York.

New York, July 18.—With an official maximum of 87 degrees and street temperature nearly 10 degrees higher, New York suffered as severely from the heat as at any time this summer, and before a refreshing shower brought relief three persons had perished from the combined heat and excessive humidity, and several scores were prostrated, some of whom may succumb.

PRESIDENT CAMPED OUT

Rain Came Up During the Night and He Took Wetting.

Oyster Bay, N. Y., July 18.—President Roosevelt camped on the shores of Cold Spring Harbor. With him were his sons, Quentin and Archie; their cousins, Philip and George Roosevelt; Dr. Alexander Lambert, of New York; the president's physician, and Lieutenant Bulmer, commander of the yacht Sylph. The camp was pitched on Eaton's Neck, which in the fall season during past years has always been the scene of a merry juvenile bivouac, with the president as the central figure telling campfire stories. No campfires were needed, as it was the warmest night the summer season has produced in the vicinity of Oyster Bay. Before morning it rained in torrents. When the rain came the boys were the first to wake. They hurriedly beat a retreat to the overturned boats, where they remained during the storm. The president, Dr. Lambert and Lieutenant Bulmer had no shelter and simply rolled tighter in their blankets and took the wetting.

HIS ARM NEARLY BURNED OFF

Lineman Roasted on Live Wires, But Was Rescued Alive.

Doylestown, Pa., July 18.—William Kentopp, a telephone lineman of this place, narrowly escaped being electrocuted while at work on a 45-foot pole which carried electric light wires of 1200 voltage. It is thought he received a shock through the wire he was carrying coming in contact with live wires.

Fire playing around his body attracted the attention of fellow-workmen. When it was discovered he was hanging by his life belt. A moment later his belt burned through and he fell across the live electric wires, from which position he was finally rescued. One arm was nearly burned off, and one badly injured.

Kentopp's strong constitution was the only thing, it is believed, that saved him from instant death.

Killed Girl in Quarrel.

Wilmington, Del., July 18.—During a quarrel on the street here, Louis Johns, colored, aged 30 years, struck Minnie Jones, also colored, in the head with the leg of a stove. The woman's skull was crushed to a pulp, and she died in the Delaware hospital without regaining consciousness. Johns jumped a north-bound Pennsylvania railroad train in attempting to escape. Police Captain Kane telephoned to the Chester, Pa., authorities, and half an hour after the crime had been committed the negro was captured on the train at Linwood, Pa. He will be returned here.

Army Captain Fatally Hurt.

Boise, Idaho, July 18. — Captain Yates, Troop A, 14th cavalry, ranking captain at Boise Barracks, was probably fatally hurt by being thrown off his horse on the drill ground while engaged in drilling a bunch of raw recruits. Captain Yates graduated from West Point with the class of 1903.

Negro Fatally Shot.

Wilmington, Del., July 18.—Charles Smith, colored, was shot twice by another negro named Wilson at Centreville, Del., near here. He was brought to the Delaware hospital and will die. Wilson has not been captured.

PANIC AT A CIRCUS

Storm Blew Down Tents and Audience Stampeded For Exits.

New York, July 18.—A wild stampede occurred during the performance of Pawnee Bill's Wild West show at Bayonne, N. J., when a windstorm blew down several of the tents. An audience numbering about 1000 persons became panic-stricken when the main tent began to collapse. Only two persons were injured. Major Lillie (Pawnee Bill) was struck by a falling pole and suffered a dislocated shoulder and Mrs. John T. Lambert, of Bayonne, received a scalp wound. The horse tent blew down and 400 horses ran helter-skelter. Details of cowboys rounded up the frightened animals, while a big detachment of police quieted the badly scared audience, which consisted mainly of women and children. Ten tents were laid low.

DECLARED UNCONSTITUTIONAL

Two-Cent-a-Mile Railroad Rate Law Declared Void in Virginia.

Richmond, Va., July 18.—At Staunton, Judge Henry A. Holt, of the corporation court, handed down an opinion in the case of Virginia vs. the Baltimore & Ohio railroad declaring the Churchman two-cent-a-mile rate bill to be in violation of the 14th amendment to the federal constitution and therefore unconstitutional and void. On this ground he dismissed the suit.

In late years men have made fortunes out of the tailings of gold mines. The mills in which the ore formerly was crushed and the crude processes then in use allowed a large percentage of the precious metal to escape, and that loss amounted in some cases to a fortune. The stomach is just like a stamp mill in this respect that when it is not in perfect order it allows the escape and waste of much of the precious nutriment containeed in the food That loss when continuous means the loss of man's greatest fortune,-health. Science offers a remedy for this condition in Dr. Pierce's Golden Medical Discovery. It corrects the weakness" of the stomach prevents waste and loss of nourishment, and puts the stomach and organs of digestion and nutritition into a condition of health which enables them to save and assimilate all the nutriment contained in the food which is eaten. In all cases constipation the use of Dr. Pierce's Pleasant Pellets will speedily and permanently cure the disease.

Rooster cares for Peeps,

Albert A. Reed of Williamsport has a wonderful rooster at his home, says the Sun "Seen and Heard" man. Several weeks ago a hen hatched out ten little peeps, A few days later the hen left the peeps and refused to have any care over them whatever. The rooster saw the predicament which the poor little peeps were in and he decided to assume charge of the brood himself. Since then he has been a good parent and has taken better care of the brood then the hen could have done. He ruffles up his feathers when any harm threatens the peeps and is always ready to fight for their safety. The chickens are growing and all promise to develop fully.

GUATEMALA DEFEATED

Lost 2000 Killed, Wounded and Captured in Battle With Salvadorians.

ALSO REPULSED IN HONDURAS

United States Government Tenders Good Offices to Settle War, and Both Countries Accept, and Hostilities May Cease.

San Salvador, July 16.—Saturday night the Salvadorian army again attacked the Guatemalan forces at Platanar and obtained a victory over them, the Guatemalans suffering a loss of 2000 men in killed, wounded and prisoners.

The Guatemalan army which invaded by way of Santa Fe was repulsed by the Honduran army.

Honduras is making common cause with Salvador.

Will Use Gunboat Against Guatemala.

Mexico City, July 16.—Herald's advices state that the steamer Empire, used by the Guatemalan revolutionists in filibustering expeditions, has been turned over to the Salvadorean government and will be used by Salvador as a gunboat in operations against Guatemala on the west coast. The vessel is now at Corinto, where it has been under the Nicaraguan flag for three weeks. It will proceed at once to Salvador, where it will be fitted with rapid fire guns.

How General Regalado Was Killed.

Mexico City, July 16.—It is now known that General Regalado, of Salvador, lost his life in a scouting expedition. He was in command of his army when he resolved to explore within the border of Guatemala. He started out, accompanied only by an adjutant and a small escort, when he came unexpectedly upon a large body of Guatemalan regulars, who overwhelmed his force. Regalado and his escort sold their lives dearly, making an heroic fight and killing many of their foes. But they were exterminated. No quarter was asked.

This account is in contravention with the Guatemalan official report, which represented that Regalado was killed in a pitched battle. The battle, which really occurred on the same day, was between General Toledo's revolutionary army and Guatemalan regulars, which ended in the defeat of the latter.

U. S. WILL MAKE PEACE

Guatemala and Salvador Accept Good Offices of This Country.

Washington, July 16.—Both Guatemala and Salvador have accepted the tender of the good offices of this government, looking to a settlement of their differences. This information is conveyed in official dispatches received at the state department from the American diplomatic representatives in Guatemala and Salvador, announcing that the two belligerent countries have availed themsevles of the tender of the good offices of the United States looking to their approaching each other in a conference having in view an adjustment of their differences, the cessation of hostilities and the bringing about of peace.

The advices to the state department, it is stated, make no reference to the question of declaration of war, regarding which President Bonilla, of Honduras, announced that Honduras had made no declaration of war, and that Guatemala invaded territory without previous declaration.

It is stated that while both Guatemala and Salvador have accepted in principle the proposition for a peace conference, the question of arbitration would be a subject of future consideration. A fortnight ago there was a disposition on the part of the belligerents to arbitrate. The question then was whether Guatemala had injured Salvador by harboring insurgents on her territory or whether Salvador by doing the same thing had injured Guatemala. But the recent battle, with the death of General Regalado, the former president of Salvador, and the leader of the Salvadorean troops, has changed the situation.

Gave Worthless Securities For Loan.

Pittsburg, Pa., July 16.—William H Hooper, 44 years old, of 30 Broad street, New York, was arrested by the local detectives here at the request of the New York police. Hooper is said to be a brother of Thomas D. Hooper, a member of the New York stock exchange. The charge on which Hooper is arrested was not made known, but it was said that several weeks ago he negotiated a loan with Mrs. Hunter Blair, amounting to $25,000, for which he is alleged to have given worthless securities.

Famous Inventor Dead.

Baltimore, Md., July 16.—William Painter, whose fame as an inventor is national, died at the Johns Hopkins hospital following an operation performed July 4 for an internal disorder. He was 68 years of age. The United States patent office has granted Mr. Painter more than 100 patents on his various inventions, of which perhaps the most widely known and used are a bottle sealing device and the machinery for its manufacture and application.

Boy Hangs Himself.

Lebanon, Pa., July 16.—William Sebastian, aged 14, was found hanging in the barn of a farmer by whom he was employed for the summer near Myerstown, this county. His parents reside in Berks, 12 miles away, and it is believed that he became home-

FIVE MURDERED BY ROBBERS

Man, Wife and Three Children Clubbed to Death in Bed.

Salisbury, N. C., July 16.—A crime that has put the country in lynching fever for miles around was the clubbing to death of four sleeping persons and the fatal injury of a fifth, at Barber Junction, 11 miles west of this city. The victims were Isaac Lyerly, a wealthy farmer, 68 years old; his wife, 9-year-old son and 6-year-old daughter. Another daughter, 4 years old, had her skull fractured and will die.

The crime was committed by robbers, who set fire to the house after looting it

Mr. and Mrs. Lyerly and their three younger children were sleeping on the first floor of the house, while two elder daughters, aged 18 and 16 years, slept on the second floor. These two girls were aroused by smoke that filled the house. Going downstairs, they found their father, mother, brother and sister dead and another sister dying. They managed to drag the bodies from the house, after which they extinguished the flames. They then hastened to Barber Junction station and gave the alarm.

The sheriff, with a posse and bloodhounds, has gone to the scene. Another posse, with bloohounds, from Winston-Salem, has joined in the hunt for the murderers. A number of negroes suspected of complicity in the crime have been locked up here.

POSSES AFTER DESPERADO

Murdered Merchant Without Provocation and Fatally Shot Deputy Sheriff.

Knoxville, Tenn., July 16.—John McPherson, aged 24, is a fugitive from justice with two posses pursuing him, charged with the murder of Grant Smith, a former merchant of this city, and fatal wounding of Deputy Sheriff William Walker, who attempted to arrest him.

McPherson shot and killed Smith in the house of Nettie Hall, apparently without provocation. McPherson was accompanied by his father, Dr. Buck McPherson, and the two left the city in a buggy going toward the mountains. Three miles out their buggy collided with one driven by Dr. Joseph Waddell, breaking a shaft, which so enraged young McPherson that he pulled the physician from the buggy and beat him seriously. Waddell went to Sheriff Walker's home and the two pursued the McPhersons. One mile further out they met. Walker demanded the surrender of young McPherson and was shot through the right lung as a result. Walker will die. Young McPherson continued into the mountains, while his father returned here and surrendered, and is now in jail.

THREE MEN BURNED TO DEATH

Upset Oil Lamp During Drunken Revels and Eight Houses Were Burned.

Allentown, Pa., July 16. — During drunken revels among Slavonian laborers at Mill H, of the Lehigh Portland Cement company, at Fogelsville, an oil lamp was upset, setting fire to Boarding House No. 2. Eight of the 14 frame houses were destroyed, and Stefan John Evenic, aged 53; his son, [illegible], aged 23, and Michael Tebuth, aged 22, were burned to death. The first named two were overcome in their beds. Tebuth had fled, but rushed back to save him money and perished. John Nuckey was brought to the Allentown hospital with a broken back, sustained in jumping out of a second-story window The pecuniary loss is about $4000.

Arrest Caused Man's Death.

Cleveland, July 16.—W. J. Bonhotel, of Buffalo, N. Y., aged 28 years, died in the city workhouse here 10 minutes after being taken into custody by the police on a charge of intoxication. Bonhotel is said to belong to a prominent New York state family and the coroner ascribes his death to heart failure, superinduced by the excitement and humiliation caused by his arrest. A post mortem will be held by the officials to determine the cause of his death.

Ice Cream a Sunday Luxury.

Altoona, Pa., July 16.—Judge Martin Bell handed down two decisions, one declaring ice cream to be a luxury and its sale on Sunday a violation of the old blue laws, and the other declaring "milk shake" to be soda water and its sale on Sunday also illegal. Cream can be furnished by inn and restaurant keepers with meats, however.

Mine Worker Named For Congress.

Scranton, July 16.—The Democratic county convention nominated Thomas D. Nicholls, of Scranton, president of district No. 1, United Mine Workers of America, for Congress. Mr. Nicholls, who is at present in Wales, had not been notified of the intention of the convention to nominate him, and it not known here whether he will accept the nomination.

689 On Ship Vaccinated.

Boston, July 16. — The steamship Cymric, of the White Star line, which arrived from Liverpool, was not permitted to dock for over a day on account of the presence of smallpox on board. A steerage passenger and a member of the crew were found to be affected with the disease, and 689 passengers and sailors had to be vaccinated before being permitted to land.

The Weather.

Forecast for this section: Occasional showers today and tomorrow, light east to south winds.

TRADE CONDITIONS QUIET

But Preparations For Fall and Winter Business is Unabated.

New York, July 14.—R. G. Dun & Co.'s Weekly Review of Trade says: "Midsummer quiet conditions are more in evidence than at any previous time this season, although trade continues far in excess of earlier years, and preparations for fall and winter are unabated. Confidence is the commercial sentiment, induced by exceptionally favorable crop reports and the absence of any distinctly adverse factor. Wholesale distribuition is very heavy for this period, and the majority of reports indicate satisfactorily prompt collections, while at some points summer stocks are being reduced by clearance sales. Not only the leading industries, but nearly all manufacturing undertakings have orders assuring activity well into the future and scarcity of labor is still the chief complaint. Evidences of the unexcelled business during the fiscal year just ended are found in every statement. Failures this week numbered 202 in the United States against 223 last yar and 21 in Canada compared with 26 a year ago.

American Students Stranded.

Antwerp, July 14.—Fifteen American students are stranded here and destitute in consequence of alleged frauds by an unauthorized Philadelphia employment agent. The students, desiring to visit Europe, accepted engagements as cattlemen, and paid the agent $5 each to secure their return passage on any vessel. The cattle shippers declare the contract is not binding on them and decline any responsibility for the return of the students. The latter threaten to prosecute the agent.

Rushed to Hills to Escape Flood.

Trinidad, Col., July 16.—A hundred people who live in Rhodes Canon, 15 miles north of this city, slept in a drenching rain on the hills to escape a terrible flood that is raging in that canon. One man was drowned at Berwind. Seven houses and a general store have been washed away. The water came down the Arroyo, carrying many horses and cattle with it. All bridges across the streams were carried out by the flood, and railroad traffic is badly delayed.

Bigamist Escapes the Law.

New York, July 14.—With two wives living in this country, the father of three children by the first and six by the second, Cirraro Lombardi, a flag manufacturer, arrested for bigamy, was discharged by City Magistrate Finn on the ground that prosecution of the case was barred by the statute of limitations. It appeared that the first wife has known for six years the existence of the second Mrs. Lombardi, and the magistrate held that action at this time came too late to hold. Counsel for the first Mrs. Lombardi said she had been unable to locate her husband after learning of his second marriage. Lombardi was re-arrested as he was leaving the courtroom on a charge of no-support preferred by his mother.

[illegible] to Visit Rhodes.

Berlin, July 14.—The Lokal Anzeiger announced that it had learned that King Edward will meet Emperor William at Friedrichskron Castle, near Homburg, during the latter part of August. The king, it was added, will stop at the castle on his way to Marienbad, where he goes yearly to drink the waters. It has been reported several times lately that King Edward and the emperor would meet soon, with the object of reaching both a personal and a political understanding.

Armor Contracts Awarded.

Washington, July 14.—Secretary Bonaparte announced that the Carnegie and Bethlehem Steel companies will be given the contract for the armor for one of the new 16,000-ton battleships at the price named by the Midvale Steel company in their bid. The contract for the armor for the other battleship will go to the Midvale company. The Carnegie and Bethlehem companies are to share euaqlly in the contract given to them.

Typhoid at Norfolk Navy Yard.

Norfolk, Va., July 14.—Several cases of typhoid fever have appeared among the enlisted men on the different ships at the stations at this yard. Orders have been posted directing the men to refrain from drinking any water drawn from the hydrants in this section. There the disease has been traced by means of tests.

REMARRIES DIVORCED WIFE

Judge MacLeary, after Five Years' Separation, is Reconciled.

Philadelphia, July 13. — Announcement was made that Judge James Harvey McLeary, of San Juan, associate justice of the supreme court of Porto Rico, was married here to Mary King MacLeary, of Auburn, N. Y., from whom he was divorced in 1901. The ceremony was performed by Rev. Frederick J. Clark, assistant rector of Holy Trinity Protestant Episcopal church.

Interest is added to the marriage by the fact that the reconciliation was brought about by the son and daughter of the couple, who have aimed ever since the divorce to bring their parents together.

Justice MacLeary, who was formerly on the supreme court bench of Montana, and was appointed to the supreme court of Porto Rico five years ago by President Roosevelt, whose acquaintance he made in Cuba during the Spanish-American War, came to Philadelphia on Monday by steamer direct from Porto Rico. His former wife and his son and daughter joined him here, having come from Auburn, according to the prearranged plan.

SWALLOW OPPOSES EMERY

Thinks Pennsylvania Prohibitionists Cannot Follow Outsider.

Harrisburg, Pa., July 16.—Dr. Silas C. Swallow, the Prohibitionist leader, was asked:

"Will you oppose Emery's nomination by the Prohibition executive committee?"

"With my present light as to Mr. Emery's attitude toward the questions of temperance and prohibition," said Dr. Swallow, "I will be compelled to oppose his nomination by the Prohibition party. Our executive committee is under instructions from our state convention to fill any vacancies on the ticket that may occur, with none other than men of well-known prohibition principles. Our committee is made up of true men who will not stultify themselves."

"Have you any assurance from Mr. Emery that he is in sympathy with the prohibition movement?"

"I have not. I have written to him for a denial or explanation of certain reports and rumors, but have not received an answer yet. If Mr. Emery were nominated by us and it were proven subsequently that he was for us an unfit candidate, it would not only cripple our cause now but through the years to follow."

Boy Killed By Lightning.

Chicago, July 16.—An unidentified boy was killed and four others were seriously burned by lightning while seeking shelter from a rainstorm under a tree at Oak street and the lake shore drive. Several buildings in Chicago were struck by lightning and set on fire, the most seriously damaged being the residence of Archbishop James E. Quigley at 623 North State street, which were sustained a loss of $10,000.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

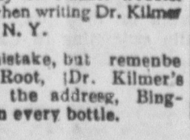
If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.



Home of Swamp-Root.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghampton, N. Y., on every bottle.

SIMPLE LIFE FOR GAGE

Former Secretary of Treasury Not Affiliated With Theosophists.

GIVES OUT SIGNED STATEMENT

Says He Has Retired From Struggles of Business and Went to Point Loma, Cal., to Live Quietly—Not Connected With Katherine Tingley's Colony.

Chicago, July 9.—The Tribune publishes a signed statement from Lyman J. Gage, former secretary of the treasury, defining his relation to theosophy. The statement is as follows:

"Point Loma, Cal., July 9.—I doubt the wisdom of making explanations of any kind through the press. Life is too short to spend it chasing up sen-

Lyman J. Gage.

sational or false reports, and I have always refused so to act. One must rest for defence upon the confidence and respect which one desires to enjoy in the minds of his friends.

"However, in response to your courteous suggestion that I set right the many inaccurate stories relating to my coming to this place in California, my alleged relations to theosophy, etc., I make this statement once for all.

"Having passed my 70th birthday I claim the privilege of withdrawal from the struggles of business life. At the end of the school year some time is profitably spent in the review of what has been studied. In graduating from life's long school term a similar course seems excusable if not desirable.

"I am trying this life at Point Loma because I have personal friends here; because the climate is most agreeable; because it is just outside of the rush and roar of the world; because here one can lead the simple life.

"Beyond these reasons there are two institutions established which to me lend much interest to the place. The first is that United States military reservation with its fine system of harbor defences, its companies of artillery men, etc. The second is the Raja Yoga school for children and youths of all ages.

"This school was established and is being carried on by Katherine Tingley as leader and official head of the Universal Brotherhood and Theosophical Society throughout the world. The school excites my interest and the magnificent work it is doing in the development of clean, healthy, well-educated and self-controlled young lives stimulates my hope for the future of society.

"I am not affiliated except in this friendly way either with the military station or the theosophical society. I am too old to enlist in the army, and I have not yet been invited to join the theosophists. I would consider it honorable to be related to either of them.

"No, I am just living my own life according to my best conception of it, and would much enjoy it if I could be left to mind my own business.

"LYMAN J. GAGE."

Fined For Rebating.

Las Vegas, N. M., July 13.—On the ground that their violation of law in granting rebates on coal shipments was technical and not wilful, and that, therefore, only a moderate penalty should be imposed, Chief Justice William J. Mills in the United States court imposed a fine of $3000 on each count of the indictments against the Atchison, Topeka & Santa Fe Railway company and the Colorado Fuel and Iron company. A total fine of $15,000 and costs was imposed on each of the defendant companies.

A Pure Drug Opinion.

Harrisburg, Pa., July 12.—Deputy Attorney General Fleitz has given to the state pharmaceutical examining board an opinion to the effect that the board must determine the purity of drugs inspected by it under the law by the standard tests contained in the latest edition of the authorities. The question raised was whether the tests in the authorities in vogue at the time the law was passed in 1897 should be followed.

John McCall Left $40,835.

New York, July 13.—The net value of the estate left by the late John A. McCall, former president of the New York Life Insurance company, was $40,835, according to the report of the appraisers of the estate, which was filed in the surrogate's office.

Will Sue Sellers of Condemned Meat.

Boston, July 14.—Prosecutions will follow the continued sale of condemned can goods, according to an announcement by the state board of health, which recently made public a report on canned meats sold in this state.

HOSTILITIES BREAK OUT

Troops of Salvador and Guatemala Clash On Frontier.

Washington, July 12.—Hostilities between Salvador and Guatemala have broken out anew on the border between these countries, where peace was supposed to have been established pending a settlement of the trouble between the two countries. Leslie M. Combs, the American minister to Guatemala, who was on his way to the United States to assist in settling the difficulties between Salvador and Guatemala, has been ordered back to Guatemala City from Champerico, Guatemala, where he was reached by cable.

Mr. Combs will remain in the Guatemalan capital to keep the United States advised concerning the trouble and to protect American interests.

Salvadorean and Guatemalan troops have been massed near the common boundary of the two countries for some time, and a serious clash was expected. Salvador's alleged assistance of revolutionists in Guatemala who were attempting to overthrow President Cabrera caused Guatemala to protest bitterly to the United States and Mexico, and resulted in representations to Salvador by those two republics which indicated that they resented foreign interference in the internal affairs of Guatemala.

REBATERS FINED $50,000

All Those Found Guilty In Chicago Escape Jail Sentences.

Chicago, July 12.—Judge Landis, in the United States district court, sentenced the Chicago & Alton railroad, which was recently convicted of granting illegal rebates at Kansas City, to pay a fine of $20,000 on each of two counts, or a total of $40,000.

John Faithorn and Fred A. Wann, former officials of the road, who were also convicted, were sentenced to pay a fine of $5000 each on two counts, or a total of $10,000 each.

The specific charge on which they were convicted was that they had given to the Schwarzschild & Sulzberger company a rebate of $1 a car on all shipments from the Kansas City plant of the packing company.

The defendants claimed that the charge was made against them by the packing company, which had the right to levy it because it owned the track near the plant, and therefore had the right to charge the railroad for trackage.

UNDER WATER 23 MINUTES

Remarkable Case of Resuscitation Reported By Life Saving Service.

Washington, July 12.—One of the most remarkable cases of resuscitation ever reported to the life saving service has just been sent in by Superintendent Knowles, of the third district.

The case is that of Robert Mooney, who was thrown into the water near Wakefield, R. I., on July 4, by the capsizing of a boat, and, according to the official report, remained under water for 23 minutes.

When first aid was given from three and one-half quarts to a gallon of water was expelled from the lungs. A second operation brought another pint of water from Mooney, who bore all the appearances of a drowned man. Artificial respiration was employed for an hour and 48 minutes before the first signs of returning consciousness were apparent. Friction and hot stones were then applied and the bellows movement continued. The patient did not recover complete consciousness until the next day after the accident.

Suit to Annul Railroad Charter.

Cumberland, Md., July 12.—States Attorney Austin A. Wilson, on the part of the state of Maryland, has filed a petition in the circuit court for this county for the forfeiture of the charter of the Cumberland & Pennsylvania Railroad company, and the court has passed an order commanding the railroad company to show cause on or before July 30 why a decree of forfeiture should not be issued. This action is the outgrowth of allegations that the railroad has violated a law passed by the Maryland legislature at its last session, which law aimed to abolish a differential on Georges Creek coal.

Negro Lynched By Mob.

Swainsboro, Ga., July 12.—About 100 heavily armed men took Ed Pearson, a negro, from Deputy Sheriff Fields about three miles from this place, carried him to the Canoochen Swamp and lynched him. The night before Pearson was found by Misses Maude and Ida Durnen hiding under their bed. Screams attracted their father, an aged man, who entered the room with a gun, but was knocked senseless by the negro, who escaped. The negro was later captured by the deputy and identified.

NUGGETS OF NEWS

An incendiary fire destroyed the town of Lynnville, Ind., 1000 population, entailing a loss of over $200,000.

Governor Pennypacker Fixed September 6 as the time for the execution of Riccardo Forte, of Chester county, Pa.

Giovanni Maline, an Italian, was hanged at Uniontown, Pa., for the murder of Antonio Reppi, another Italian.

Otto Amerus and M. D. Kent, brothers-in-law, fought a pistol duel at Noble, Okla., and Amerus was killed and Kent was mortally wounded.

N. M. Riggs, who was arrested at Elroy, Wis., charged with murdering Millie Ellison in a Minneapolis hotel, committed suicide by shooting himself in the head.

ABANDONED SHIP AT SEA

Sprung a Leak and Had to Be Burned. Crew of 13 Saved.

Lewes, Del., July .—Having been forced to abandon their vessel at sea, Captain Alsena and his crew of 12 men of the Uruguayan bark Margarita, which was sighted on fire off the New Jersey coast Monday, arrived here on board the schooner Judge Pennewill, which is bound from New York for Charleston. The crew did not suffer any hardship and left for Philadelphia.

The Margarita was bound from Philadelphia to Halifax, N. S., with a cargo of coal. Soon after leaving the Delaware Capes Sunday the bark sprang a leak, and the captain, supposing he could keep the water down by frequent shifts at the pumps, kept the vessel headed northward. Sunday night the leak increased, and despite the efforts of the crew the vessel was filling at the rate of nearly two feet an hour by Monday morning. Distress signals were hoisted and were seen by the Judge Pennewill, which came close by. After a conference between Captain Furness, of the schooner, and Captain Alsena, of the bark, it was decided to set the vessel on fire and leave her. This was done at noon Monday, and four hours later the bark sank 16 miles east by north of Atlantic City.

The Margarita was uninsured and was owned by Captain Alsena, and represented the savings of a lifetime.

SAYS BRYAN'S A WINNER

Senator Stone Bets Three to Two Against Roosevelt.

St. Louis, Mo., July 10.—Three to two on Bryan against Roosevelt; even money Bryan against Taft. This is the way that United States Senator William J. Stone figures the chances on the 1908 presidential campaign. Senator Stone has arrived in St. Louis fresh from Washington and New York and in full possession of the latest developments in the field of presidential possibilities, including William J. Bryan's letter from abroad to United States Senator Jones, saying that he would accept the Democratic nomination for the presidency if it was the wish of the reforming element in the party.

"There is no question in the world that Bryan will be the Democratic nominee by unanimous vote of the next national convention," said Senator Stone. "In common with the friends of Mr. Bryan all over the country, I should be overjoyed to see Roosevelt renominated by the Republicans. Three to two conservatively figures the Bryan chances against President Roosevelt in the election.

"If Taft should happen to be nominated by the Republicans the race might be somewhat closer. The odds would be nearer even, but at that Bryan would have a shade the better chance."

Senator Stone asserted that Bryan's chances to be the next president of the United States were better than those of any other American statesman.

"I understand that Champ Clark is at present a candidate for speaker of the next house of representatives. It is my opinion he is the best qualified man for the place, and if the house is Democratic his chances for election should be the best."

SHOT DEAD BY SISTER

Acquitted Murderer Killed In Railroad Station At Seattle.

Seattle, July 13.—George Mitchell, a youth, who recently shot and killed Franz Edmund Creffield, a "Holy Roller" prophet, and was acquitted of the charge of murder on the plea of insanity, was shot and killed by his sister, Esther, in the Seattle Union station.

Esther Mitchell joined the "Holy Rollers" sect at Corvallis, Oregon, and was one of the most ardent of Creffield's followers. When her brother pursued the leader of the "Holy Rollers" to Seattle and shot him in the street, he pleaded in justification that Creffield had deluded and wronged his sister. Mitchell was acquitted of the charge of murder on Tuesday, and nearly all of the following day he spent in searching for Esther in Seattle lodging houses. She refused to be comforted after the death of Creffield.

Esther Mitchell, when found, finally, agreed to see her three brothers off to their home in Oregon. The Mitchell brothers, George, Perry and Fred, were sitting with Esther on a bench in the station waiting room talking, apparently on the best of terms. When the Oregon train was announced, George Mitchell rose and started for the door. His sister stepped to his side and, pointing a revolver at his head, fired a fatal shot before any one else in the room realized what was happening. She was arrested.

90-Pound Pack Too Much For Soldiers.

Chicago, July 16.—Under the strain of carrying a 90-pound pack, which the government is testing, eight soldiers of the two battalions of the 27th infantry, who left Fort Sheridan for Chicago, preparatory to marching to Indianapolis for the fall manoeuvres, were overcome by fatigue and heat, and it was necessary to place them in an ambulance before half a day's journey had been completed. Two of the eight companies which made up the two marching battalions were carrying the Merriam improved packs. This pack is an improvement over the old knapsack, and it is said its use will enable a man to carry rations for three days and 90 rounds of ammunition while marching. The actual weight of one of these packs is 90 pounds.

THREATENS WITNESSES

Intimidation Crops Out in Hartje Divorce Case in Pittsburg.

MENACING LETTERS RECEIVED

Witnesses For Mrs. Hartje Threatened With Death Unless They Retract. Handwriting Experts Say Writing Resembles That In the Letters In Case.

Pittsburg, Pa., July 16. — Another sensation has developed in the celebrated divorce case of Augustus Hartje. Witnesses for Mrs. Hartje have received letters threatening them with death. As a result, Mrs. Alexander W. Slocum, who is said to be Mrs. Hartje's closest woman friend, is constantly attended by a physician, and is also guarded by two private detectives.

Early in the Hartje case Mrs. Slocum was called to the stand to testify as to Mrs. Hartje's habits and character, and since her testimony she has been Mrs. Hartje's constant attendant.

Mrs. Slocum has received a letter commanding her to leave Pittsburg, retract her testimony given in favor of Mrs. Hartje or she would be shot.

Mrs. Slocum took the letter to Mrs. Hartje and both women went immediately to the office of Mr. Freeman, of counsel for Mrs. Hartje. It was in Mr. Freeman's office that Mrs. Slocum broke down from the nervous strain and tension to which she had been subjected. The letters were shown to the county officials and to District Attorney Robert E. Stewart, but no copy of the contents would be given out.

The letters were then turned over to the handwriting experts for reference to the exhibits in the case. The exhibits, which are now in the hands of Hartje's counsel, could not be secured by the experts, so no accurate judgment could be formed as to the writer. It was stated by one of the experts, however, that the handwriting of the threatening letter to Mrs. Slocum bore a striking resemblance, as far as he could remember, to the writing in the majority of the 40 letters classed as exhibits in the case.

When the letters had been turned over to the handwriting experts, Mrs. Hartje and Mrs. Slocum were sent to their homes under guard of two private detectives, who are constantly guarding the women. It is reported that while Mrs. Slocum is still attended by a physician, she is not seriously ill beyond being in an extremely nervous state. It was also announced that she will not leave Pittsburg despite the threatening letter.

DIAMOND MINES FRAUDS

U. S. Consul Warns Against Alleged Concerns in Brazil.

Washington, July 16.—Consul General George E. Anderson, in a report to the bureau of manufactures from Rio Janeiro, charges that while some bona fide Brazilian diamond mines may result profitably, that country is full of schemes which are either out-and-out frauds, or which are based upon claims and facts so slight as to make them little less than frauds. The report says the United States and Great Britain, especially New York, Chicago and London, are the chief fields of operations for a number of promoters who have never done any mining, and that there are a number of so-called mining companies now soliciting stock subscriptions in the United States whose officers are not even certain where the land they claim as property lies. The president of a diamond mining company, having its offices in New York, wrote the Rio Janeiro consulate, asking how far a city of Brazil, near which his company claims property, is from a railroad.

The report states that experienced men in Brazilian mining fields say that not a single mining company operating in the gold and diamond fields of Brazil has paid a dividend.

Dog Has a Gold Tooth.

Wilkes-Barre, Pa., July 16.—Dr. Fred S. Birchard, of Scranton, has an English dog with a solid gold tooth. A few days ago, noticing that one of its front teeth was very much decayed, Dr. Birchard took him to a dentist. The dentist suggested that the best thing to do was to insert a gold tooth, and the operation took a little more than half an hour. All that time the intelligent animal laid back in his master's arms, submitting with an occasional whine of pain, and now he sports about with the fine gold tooth, a curiosity for all the small boys of the community.

KILLED AT GRADE CROSSING

Father and Two Children Are Dead and 12-Year-Old Boy Fatally Injured.

New York, July 16.—Three persons were killed in a grade crossing accident on the Long Island railroad's Manhattan Beach line in East New York. The dead are: Samuel Meanly, 37 years old, a hotel keeper, of Brooklyn; Samuel Meanly, Jr., his 4-year-old son, and Annie Meanly, his 9-year-old daughter. Mr. Meanly and his children, accompanied by Max Rubin, 12 years old, were driving when struck by a Manhattan Beach express. The father and son were instantly killed and the girl died within a few hours. The Rubin boy was unconscious in a hospital and may be fatally injured. Piles of dirt thrown up from excavations near the crossing obscured the view of the tracks, although a flagman declares he signalled in vain for Meanly to stop.

NOW DENIES SHE KILLED LOVER

Pottsville Girl Says Two Men Shot Her Sweetheart.

Pottsville, Pa., July .—After having twice confessed to shooting James W. Frizzel, her lover, Emma Stephany has again retracted and now insists that she does not know who killed him. The police do not believe that she committed the murder, but they are certain that she is shielding some one.

According to the latest version of her story, as she and Frizzell stood along the roadside two men unknown to her sprang from a yard, and one of them fired three shots in quick succession. She was frightened and ran home. Next day she feared to tell of having witnessed the killing, and left Pottsville for Shamokin to try to forget, as much as possible, the horrible crime.

Her latest "confession" is nothing new to the police, for, despite her insistence that it was she who fired the shot, they did not believe her. Neither do they believe her now, when she says that she did not know the man who did the shooting.

What most impresses the police with the view that the girl did not fire the shot was the dramatic scene which took place in the council chamber on the morning of the inquest. Then she accused two young men of the town of having committed the crime. Two policemen were made by her to represent herself and Frizzell when the murder was committed. Frizzell was represented as having his arm around her waist. Then she dramatically played the part of the murderer. From the rear of the two men she quickly sprang, and, pointing her revolver close against the one who represented Frizzell, imitated the firing of the revolver. So realistic was it, and so true in every detail did this little enacted scene appear, the details corresponding directly to those known to the police, but not to her, that their belief has not been, and cannot be, shaken as to how the deed was committed.

MINERS' CERTIFICATE CASE

Railroad Company Will Take It to United States Supreme Court.

Scranton, Pa., July 11. — Papers were signed here preparatory to taking an appeal in the celebrated Shaleen miners' certificate case to the supreme court of the United States. The Delaware & Hudson company is the real appellant.

The attack on the validity of the certificate act has been successfully defended in the local, superior and supreme courts of this state, although in the superior court the company gained a ruling that residence in the anthracite region was not an essential qualification, such a requirement being in conflict with the Constitution of the United States, in that it discriminated against residents of other states. This advantage was lost when the company went into the supreme court in an effort to have the remainder of the act declared unconstitutional. By going to the federal supreme court the company hopes to regain this lost advantage, and also to defeat the whole act.

MINE STRIKE SETTLED

Men In Central Pennsylvania to Receive 5.55 Per Cent. Increase.

Philadelphia, July .—Virtual settlement of the strike of mine workers in the central Pennsylvania bituminous field, which began last April, was made in this city at a conference between representatives of the United Mine Workers of America and the operators in that field. The principal terms of the settlement are:

A 5.55 per cent. increase in wages for all mine workers over the scale which existed before the strike; application of the check-off system to miners, but not to laborers.

The check-off was really the only obstacle in the final discussion of the terms of the settlement. Thirty thousand men were affected by the strike.

NUGGETS OF NEWS

August H. Hennings, former city treasurer of Omaha, Neb., committed suicide by shooting.

Abner C. Martin, charged with murder, committed suicide in jail at Towner, N. D., by taking poison.

After 20 years' experience as a "steeple jack," James H. Glenn was killed at Chicago by falling 165 feet.

Dr. Barnet C. Walter, one of the oldest practicing physicians in Eastern Pennsylvania, died at his home at Farmersville, near Easton, aged 74 years.

Carrie Nation Arrested.

Dallas, Tex., July 12.—Mrs. Carrie Nation was arrested at Cleburn by a deputy United States marshal on a warrant charging her with having misused the mails. She was brought to Dallas, and after appearing before United States Commissioner A. W. May, was released on bond in the sum of $2500. The warrant came from Guthrie, Okla., and specifies that she deposited in the postoffice a publication containing an improper article headed "A Private Talk to Boys."

Passenger Disappeared From Steamer.

Augusta, Ga., July 12.—A special from Charleston says: The Clyde line steamer Apache arrived here from New York with one passenger, Walter Irving, of Florence, S. C., missing. Examination showed that his berth had not been used. Late the night previous he was seen standing near the rail, and it is believed he fell overboard.

THAW FIRES COUNSEL

Slayer of Stanford White Dismisses Lawyers in Fit of Anger.

BALKS AGAINST INSANITY PLEA

Ignores Pleas of Famous Attorneys Who Were Preparing His Defense—Mrs. Thaw Arrives From Europe to Defend Her Son.

New York, July 16.—Showing little trace of the mental anguish she has endured since her son, Harry Kendall Thaw, shot and killed Stanford White, Mrs. William Thaw arrived here from Europe. She was accompanied by her son-in-law, G. L. Carnegie, and Mrs. Carnegie. She refused to discuss her son's plight, but, through Mr. Carnegie, said she would visit her son in the Tombs at the earliest possible moment.

Harry Thaw has dismissed the law firm of Black, Olcott, Gruber & Bonynge in a fit of anger, and that the firm of which former Governor Frank S. Black is the head, will not defend the young Pittsburger in his trial for the killing of White. The dismissal came, it was said, as the culmination of a number of arguments Thaw has had with various members of the law firm over the question of a defense. Judge Olcott, who has been the active member of the firm in connection with the case, has all along insisted that insanity be made the chief point in the defense, it is believed, while Thaw has insisted with equal, if not greater emphasis, that he would not stand for the insanity plea.

While there have been numerous arguments between Thaw and Judge Olcott on this question, there was no open break, it is said, until Friday afternoon. Then, according to the authority upon which the story is based, Thaw, during a verbal combat with Judge Olcott in the Tombs, became enraged, and wound up a tirade by telling his lawyer flatly that the firm of Black, Olcott, Gruber & Bonynge no longer was his counsel. "I am the boss." Thaw is said to have declared after Judge Olcott had given it as an ultimatum that Thaw should place himself absolutely in the hands of his counsel as a patient in the hands of his physician, and submit entirely to the judgment of the law firm as to the best manner of conducting the defense.

"And I will not stand for the insanity plea," the prisoner added.

Thaw's letter of dismissal to his counsel is as follows:

"New York, July 14, 1906.

"Messrs. Black, Olcott, Gruber & Bonynge.

"Dear Sirs: After careful consideration, I have concluded to make a change in my attorneys, and, while I have no possible criticism to make of your conduct of my case, my decision is such that I have concluded to no longer retain you as my attorneys. You will, therefore, regard your connection with my case as finished, and will please deliver all papers in my case to Clifford W. Hartridge.

"I have sent a copy of this letter to Mr. Hartridge, and ask you to communicate with him at once.

"HARRY K. THAW."

Mr. Hartridge has heretofore acted as personal counsel to young Thaw.

POSTOFFICE ROBBERS GET $1000

Knocked Acting Postmaster Senseless and Cleaned Out the Safe.

Baltimore, Md., July 16.—The postoffice at Glenburnie, a station on the Baltimore & Annapolis Short Line railroad, in Anne Arundel county, eight miles from this city, was robbed of about $1000, the robbers knocking senseless the acting postmaster, Adam Wingert, whom they bound and gagged before making good their escape.

When Wingert took the day's receipts to the safe and had opened the doors he was knocked senseless by a blow on the head. When he recovered consciousness an hour later he found himself bound hand and foot and gagged. When help finally came it was found that the safe had been stripped of all the money it had contained, but the exact amount taken cannot be ascertained until the books of the office are examined. Although there are indications that the crime was committed by experienced hands, no clue to the identity of the robber or robbers has been discovered. Wingert was acting temporarily in place of the postmaster, William F. Kuethe.

AMATEUR BURGLAR A SUICIDE

Caught In His First Robbery, Baltimore Man Shoots Himself.

Baltimore, July 16.—Interrupted in an attempt to commit his first burglary, Alfred G. Hudson, aged 27 years, fired a number of shots at his pursuers while running from the police, and when they finally surrounded him committed suicide.

Hudson was detected in an attempt to enter a grocery store on Maryland avenue, near Preston street. He ran, by way of small streets and alleys, firing at the police as he ran and pausing once to reload his revolver. When the officers surrounded him, but before he could be disarmed, he placed the muzzle of the weapon in his mouth and fired the one remaining cartridge, which he had saved for the purpose. Death was instantaneous. As far as is known, this was Hudson's first attempt at crime of any sort. He is said to have been driven to it by need of money following an unhappy marriage.

BRIEF MENTION

Short Items of Local Interest Gathered By The Way Side

—Every man has something original in his make-up, if it's only original sin.

—The first cheap excursion to the sea shore for this season will be Thursday July 19.

—Cats can smell even during sleep. If a piece of meat be placed immediately in front of a sleeping cat's nose the nostrils will begin to work as the scent is received, and an instant later the cat will wake up.

—Miss Fannie Kennedy, of Buffalo Run valley, had the misfortune to fall, one day last week, and break her left arm just below the shoulder. The fracture is a bad one and being so close to the shoulder joint there is apprehension that graver complications may follow.

—Mrs. Jones, wife of mail agent L. C. Jones, has returned to her home after treatment of some two months, in the hospital at Williamsport and after undergoing an operation, remained at the home of her parents in that city until she became well enough to return to this place.

—Dr. R. G. H. Hayes has become an autoist, having purchased John Walker's Cadilac the past week: After being able to operate the critter the Dr. proposes to use the machine in making professional trips and for pleasure. Mr. Walker will purchase a new machine, as he considers it the greatest sport agoing.

—Most people are right or left eyed just as they are right or left handed, and just as the right hand is usually the more pewerful, so is the right eye. Only one person in 10 is left-sighted. It is very probable that the use of weapons during countless ages has had something to do with the extra power of the right eye.

—The Yearick—Hoy reunion will come off at Hecla Park, August 15. The connection is large and highly esteemed. Elaborate preparations are to be made for the occasion and a suitable program to be used, with nothing left undone to make the reunion a pleasant and interesting affair for the Yearicks and Hoys.

—Give the farmer boy a chance. They are not slower than other boys in making up their minds about various thing. If you hold them down to the hard bone and muscle work of the farm every day until the sun sets, and then make them do the chores after dark, can you be surprised if they draw conclusions against making farming a business for life?

—There's at least one girl who is in doubt about the wisdom of the style which requires that the sleeves be rolled above the elbows. She drove out into the country the other day, and as soon as she laid eyes on her the farmer's wife exclaimed: "Oh, I see that you have come prepared to help me. Come right out in the kitchen and wash dishes for the harvesters."

—Have you ever noticed when the family goes for a walk Sunday afternoon, how father and the children start ahead, walk slowly, look back, stop, then saunter along. By the time they reach the corner, out comes mother. She is jamming her hat pins in, carries her handkerchief in her mouth and her gloves under her arm. Mother has finally gotten all the children ready, seen that the fires are all right, put out the cat, locked the back door, and then jumped into her coat and "brings up the rear." You never see mother go out with the others. She is invariably bringing up the rear. To meals, to bed, in getting clothes, receiving presents, going to entertainments mother is in the rear.

—Edmund, the fourteen-year old son of Hays H. Waite Esq., of Huntingdon, was drowned July 11th in Stone Creek, about three and a half miles from Huntingdon. Shortly after dinner, he started with two or three other boys, to go bathing in Stone creek. The lads had been in the water about fifteen minutes when Edmund was attacked with cramps. One of his companions saw his plight and made vigorous effort to assist the unfortunate boy out of the water, but he was unsuccessful, and Edmund sank to his death. The body was recovered and taken to the home of his grief-stricken parents at Huntingdon.

—Coal stocks held by a number of Pennsylvania railroad men will be sacrificed by them within the next few weeks. All found holding such stocks have received a personal letter from President Cassatt ordering that the stock be sold, and also that any other stock that might interfere with their loyalty to the company's duty to the public shall be disposed of. An illustration of the sacrifice of stock that will be made may be gleaned from the effort of a Pittsburg officer to dispose of $2,000 worth of stock. He had received good dividends on the shares, but $700 was the best offer he could get.

—Mrs. Earle C. Tuten entertained her Sunday school class at Hecla Park Friday.

—The working man doesn't always sing at his work, but he invariably stops with a whistle.

—The Lutheran Sunday school of Bellefonte held a picnic at Hecla Park on Wednesday July 18, 1906.

—The Pellefonte United Evangelical Sunday School will hold their annual picnic at Hecla Park this Thursday July 19th.

FOR SALE—An almost new Domestic Sewing Machine, and Go-Cart as good as new, for further information inquire at this office.

—"Camp Constans" the masonic camp near Roland opened Tuesday evening with a chicken and waffle supper. The camp will continue for three weeks.

—Wm. I. Walker and Beaulah V. Emenhizer, both of Yarnell, were married Monday morning by Justice of the Peace W. H. Musser at his office in Crider's Stone building.

—All the houses in the Beaver and Hoy row on West Linn street have been repainted except one belonging to Mr. A. Hoover. Get busy Mr. Hoover don't let your neighbors beat you. The other houses are all painted a different color and look very handsome.

—Subscription amounting to $3,668 were made Sunday by the members of St. John's Reformed Church, towards the erection of the chapel and Sunday School room which will be built this summer. The communion offering at the same services amounted to $44 00.

—Ambrose Sloteman who has been confined to the house for some weeks suffering from throat trouble was seen upon our street Monday. Ambrose while looking quite delicate from his ailment, reports himself as feeling in good condition and is on a fair way to regain his usual strength.

—The annual reunion of the Dale family will be held at Oak Hall on Saturday August 4th, 1906. This being the one hundred and sixteenth anniversary of the Dale family locating at what is now Oak Hall, Centre county, but which, at that time, was Mifflin county.

—A girl baseball player in Connecticut had her nose broken by a ball. This is something like the real thing, but not until a feminine crowd has murderously mobbed a lady umpire can the weaker sex feel that they have mastered the spirit of the game in genuine masculine style.

—Rev. Muma of Runville, for some weeks has been conducting tabernacle services at Snow Shoe with great success and continued interest. Mr. Muma belongs and is a minister in that branch of the church known as the Free Methodist. He deserves much credit for his devotion to this cause of doing good and uplifting humanity.

—William R. Jenkins of Bellefonte, who has been experimenting with horseless carriages, will soon give to the world a demonstration as to the practicability of his theory. The machine is being built under his direction at the Bullock Swing works at Milesburg, and if it proves a success we will all be riding in-instead of walking. The idea is to place machinery under a common buggy that will propel it like an automobile. He is associated in this enterprise by Williard Hall.

—Just four years ago a girl shamefully abused her little brother because he drew a pin across the piano. Her beau was coming that evening, and the scratch did look awful. But yesterday the same piano was hacked with a hatchet, and the same girl said, "Don't dear," in the meekest tones you ever heard. Of course this requires an explanation, and here it is: The girl had married in the four years between, and the kid who did the hatcheting yesterday was her own.—Johnstown Tribune.

—Leslie Green, a negro, 39 years old, is turning white and according to physicians the disappearance of certain properties in the pigment of the skin will ultimately leave him to be a white man. Green was born in North Carolina, and when he came to North Adams seven years ago, to quote himself, he was as "black as the ace of spades." The pigment began to fade from the skin on the right side of the body four years ago but this did not reach Green's face and hands until recently.

—Those who ask in jest "Why editors are wealthy?" should read this editorial protest from the Mead Globe: "A child is born in the neighborhood; the attending physician gets $10. The editor gives the loud-mouthed youngster and the happy parents a send off and gets $0. When it is christened the minister gets $10, the editor gets $00. It grows up and marries. The editor publishes another long-winded article, and tells a dozen lies about the 'beautiful and accomplished bride,' the minister gets $10 and a piece of cake and the editor gets $000. In the course of time it dies. The doctor gets from $25 to $100, the undertaker gets from $50 to $100, the editor publishes a notice of the death and an obituary two column long, lodge and society resolutions a lot of poetry and a free card of thanks, and gets $0,000. No wonder so many ditors get rich."

—The smaller the dog the bigger the bluff he makes.

—A calloused hand is better than a colloused heart.

—It is a wise father who greases the hinges of the front gate.

—Andrew Bell is quite ill at his home on East Howard street.

—Judge Telford, of Indiana, held Argument Court here Monday.

—For shooting the "is-it-hot-enough-for-you" fiends this is the open season.

—If you agree with a man ten chances to one he will take all the credit of having convinced you.

—When the doctor's son becomes an undertaker we may be justified in saying that he takes after his father.

—The peach crop in this section will be a virtual failure. Some very fine orchards are absolutely barren.

—The Salvation Army will conduct a Sing-Song meeting on Thursday evening at 8 o'clock. All are invited.

The rain of Monday filled the big spring with muddy water so that it was necessary to drain it off Tuesday morning.

—'Tis now the time of the year when the gay and festive fly and the bald headed men are struggling for supremacy.

—A bridge on the Bellefonte Central Railroad above Coleville was washed out by the storm Monday delaying traffic considerably.

—Co B, 5th Regiment, N. G. P., are preparing to leave for Gettysburg tomorrow afternoon. The detail left this afternoon to get the camp ready.

—The trustees of the Sunnyside Cemetery Association will hold a festival Saturday evening July 21, at the Forge School house. The proceeds will be used to repair the fence around the cemetery.

—At a meeting of Stockholders of Centre Building and Loan Association, it was decided to issue a new series of stock. Subscription to same will be received by A. C. Mingle, Dr. E. S. Dorworth, C. K. Hicklen or Charles F. Cook.

—An Italian Musician appeared on the street of Bellefonte Monday morning with a whole out-fit of musical instruments. He played the accordian, cymbals, base drum and mouth organ all at the same time to the great delight of the boys who followed him in numbers from place to place.

—The Haupt Brothers are hard at work building the new Presbyterian parsonage at State College. The house is being built of concrete blocks made by the Haupts and is the first one of the kind ever erected at State College. The result will be watched with interest and if a success it is highly probable that State College capitalists will organize a company at that place to manufacture the blocks and build houses. The Haupts have also secured the contract for making the walks and walls of concrete to be put down at the residence of Col. Spangler at this place.

—On Monday from 4 to 7 p. m. our town was visited by one of the worst storms of the season. The rain simply came down in torrents and the streets and gutters were soon raging rivers. The thunder and lightning was very heavy and incessant. Both the telephone exchanges were put out of business and especially severe was the damage to the United Telephone Exchange in Temple Court. The gutters in front of Petrikin Hall, Joseph's residence, Garmans and Bush Arcade were torn out. Howard and Bishop streets were flooded and many cellars filled with water. The Brant House cellar held several feet of water. Taken altogether it was the worst storm that has visited this section for years.

Court Declares Ice Cream a Luxury.

Altoona, July 18.—Martin Bell, President Judge of Blair county handed down two sweeping decisions Saturday, the one declaring that ice cream was a luxury and could not be sold on Sunday, because it was a violation of the old blue laws; the other, declaring "milk-shake" to be soda water and its sale on Sunday illegal.

The suits were test cases, brought against M. A. Stewart, a restaurant keeper of Altoona: Judge Bell admits the right to furnish ice cream with meals and denies the right to sell the cream alone.

As a result of the decisions a hundred ice cream parlors and soda fountains were closed at Williamsport by order of Mayor Walker.

STRUCK BY LIGHTNING

Strange Experience of Engine No. 5, Central Railroad of Pa.

During the heavy storm of Monday afternoon July 16, Engine No. 5 of the Central Railroad of Pennsylvania was struck by lightning. It was one of the strangest experiences that has ever happened to railroad men in this vicinity and one that the parties interested will not soon forget.

Engine No. 5, is a freight engine and is in charge of Engineer Louis Lounsbury and Fireman John Barnhart, William Hamilton is the conductor and S. E. Stanley the brakeman. During the heighth of the heavy storm of Monday and at about 6 p. m. Engine No. 5, was pushing four loaded cars of ore over the viaduct and out to the Bellefonte furnace. Conductor Hamilton had left the train and was walking on the main track of the Central to throw the switches when the engine would return from the furnace. He was watching the train when suddenly there was a sharp flash of lightning descended toward the engine, it seemed like a ball of fire and when just over the cab it split in half with a report like a cannon cracker. The engine was just crossing the road leading to Coleville. The bolt of lightning entered the ventilator on top of the cab and struck the chain which opens the fire box and soldered three links of the chain solidly together. No other damage was done and the engine proceeded on its way to the furnace.

That the damage done was not serious is simply marvelous and Engineer Lounsbury feels very thankful for their escape. Engineer Lounsbury and Fireman Barnhart were greatly startled by the shock but not injured in the least.

Thief Uses Pole to Steal Farmer's Cash

Perhaps the most peculiar robbery in recent years in Berks county was brought to the attention of the town constable of Lorane. The theft took place at the home of Peter Boone.

Mr. Boone, who is a thrifty farmer and always carries a considerable sum of money in his clothing, sleeps in a back room on the second floor of his home. Sunday night he hung his trousers on a clothes tree at the foot of the bed. Monday morning he was unable to find his pantaloons and was compelled to put on an old pair.

Upon going into the yard he was surprised to find a long pole lying there, at the end of which was fastened a steel hook. On the hook hung his trousers. A wallet and a gold watch and chain were missing.

The burglar evidently climbed a tree which stands close to the house and thrust the pole through the window and fished for the pantaloons until he caught them with the hook. It was then an easy matter to get them out of the window and rifle the pockets.

Held up by Highwayman for Forty-cents.

Another Williamsporter has been held up by a bold highwayman. William Dean of that city was returning from South Williamsport about 1 o'clock Monday morning and when he was about the middle of the Market street bridge a man suddenly stepped from a position behind the iron bridge work and without hesitancy stated his business. Dean found himself looking into the barrel of a revolver, and the man behind exclaimed "I want your money."

Dean had altogether about $2.40 in his pocket. He is a big man, and by no means lacking in nerve, but he decided he had better yield, and, accordingly took out the 40 cents from his trousers' pockets

To make sure that he had all, the highwayman went through his other pockets, but fortunately for Dean, missed the small watch pocket in his trousers, under his belt, where the $2 in bills was carried.

Apparently satisfied the robber allowed his man to proceed, which the latter did without wasting time.

—On Sunday evening East Linn street was invaded by a company of pole cats who made things lively in that locality for a while. One was chased out of Burns Crider's yard and another from Gamble's lawn while a mother and several young skunks took refuge in Henry Quigley's cellar. They were finally chased away and no casualties are reported.
